Tells Inner Story Of Sinclair Lease

DEPOSITION BY LAWYER IS READ AT DOME TRIAL

Relates How Negotiations Were Opened With Fall at Three Rivers Home

FORMER SECRETARY NOT YET IN COURT

Lawyers For Prosecution and Defense Appear on Stand As Witnesses

FEDERAL COURT ROOM, CHEYENNE, Wyo., March 10.—How Harry F. Sinclair and his personal attorney, Colonel J. W. Zevely, after seeing Fall at his Three Rivers home, opened negotiations with the government to acquire the land for the proposed dam, was the subject of the trial today in the Teapot Dome trial.

The testimony told how Sinclair and Zevely, after seeing Fall at his Three Rivers home, opened negotiations with the government to acquire the land for the proposed dam, was the subject of the trial today in the Teapot Dome trial.

Senate Will Make Probe Of Elections

WASHINGTON, March 10.—Resolutions authorizing investigation by the senate of the frauds and elections committee of three senators, in New Mexico, Minnesota and Iowa, were adopted by the senate today.

Holm Bursum is contesting the election of Samuel G. Brant, Democrat of New Mexico. Daniel F. Stack is contesting election of Smith W. Brookhart of Iowa, and Magnus Johnson, Farmer-Laborite, is contesting election of Thomas B. Schall of Minnesota.

The senate's action came without debate following favorable report on the resolutions by the audit and control committee.

ENDORSE PLAN FOR \$650,000 SANTIAGO DAM

That the John T. Carpenter Water Co., El Modena, the Serrano Water Co., of Villa Park, and the Irvine company, virtually have reached an agreement for the joint construction of a dam at the fourth crossing of Santiago creek in the Santiago canyon, became known here today through endorsement of the project by the stockholders of the Carpenter water company at their annual meeting. The dam, it is estimated, will cost \$650,000.

With details agreed to by the three organizations, attorneys now are engaged in drafting an agreement providing for division of the site upon which the dam will be built.

The scheme has been under consideration for more than a year, and endorsement of the water conservation plan by the El Modena company indicates that satisfactory arrangements have been made for the site upon which the dam will be built.

At the meeting, those directing the operations were urged to hasten details, so that construction may be started at an early date. Construction will require a year, it was said. The plans provide for a hydraulic earthen-filled dam with a clay core.

In the election of directors Dr. Randall was chosen as a successor to R. C. Adams. The other directors are L. W. Evans, Wade Flippen, L. O. Whitsell and A. Y. Davis.

The hearings will be behind closed doors until April in almost continuous daily sessions, it was decided.

The first evidence to be considered has to do with apparent discrepancies in amortization claims of corporations.

Meanwhile the personal controversy between Couzens and Secretary Mellon, which has flared up so often in the past, again broke out. Commissioner Blair of the internal revenue bureau has notified Couzens that examination of 1913 and 1919 tax records indicate Couzens owes \$100,000 in back taxes.

Couzens expects an answer to be presented immediately to the committee's request that Secretary Mellon furnish some explanation of testimony that the United States Steel Corporation had avoided more than \$27,000,000 of government tax and the Aluminum Company of America some \$6,500,000 through improper amortization claims.

Wright frankly admitted his measure was aimed at the Klan, following which Bronson delivered a lengthy dissertation lauding the principles of the Klan, reading a part of its preamble and defending the principles of secrecy as practiced by many secret orders.

No action was taken on the bill during the meeting, but it was decided to continue consideration of it at an executive session some time next week.

The anti-herb bill, authored by Assemblyman Edward Smith of Oakland, around which the recent extortion investigation centered, is scheduled to be taken up by the assembly committee on medical and dental laws on Thursday of this week.

While the measure is expected to meet with hearty opposition on the floor of the lower house, it was believed by members of the committee today that no trouble would be experienced in voting it out of the committee's hands.

The assembly yesterday passed the Breed-Weir bill providing for the assessment of foreign securities and solvent credits at seven per cent of their face value. The bill was passed by the senate last week and now goes to the governor for final consideration.

Proponents of the measure declare that millions of dollars in additional revenues will be poured into the state treasury each year through the terms of this bill, which lowers the assessment rate as an inducement for persons who keep this type of security hidden to declare them for taxation.

PRISON BOARD DEFIES JURY

Prince of Wales Acts For King at Court Reception; Father Remains at Palace

LONDON, March 10.—Edward, Prince of Wales, today held his first levee in St. James Palace, on behalf of his father, who remained in his sick room at Buckingham Palace.

Nine hundred men, including the entire diplomatic corps and 500 military and naval officers in glittering full dress, filed past the prince, who stood on a dais in the dress uniform of a colonel of the Welsh Guards.

Presentation before him attained exactly the same rank as presentation before King George.

Fred Sterling, charge d'affaires, represented the United States with the embassy staff.

The parole body is wanted in San Bernardino to explain why it released Fred A. Alford, former city manager of Ontario, from San Quentin after he had served but a few months of an indeterminate sentence for embezzlement. The subpoenas order the board's appearance Thursday.

"So, they're after us again, are they?" Van Smith commented today when told by the United Press that the papers are speeding northward by special delivery mail.

"They served one on me several days ago but I lost it. I don't even know what it said."

"We have a board meeting Thursday and I don't think that meeting will be held in San Bernardino."

San Bernardino advises stated the subpoenas this time named the board members as individuals, not as a body, but Van Smith said such distinction would make no difference in their refusal to appear.

The subpoenas are supposed to be received by the sheriff of Marin county, in which San Quentin is located, but had not arrived today. That authority said if they name the board as individuals he would be unable to serve them, as the members do not live in Marin county.

"30" BULLETINS
BERKELEY, Cal., March 10.—A mysterious assailant last night rang the bell of Fred Huntzinger's home here and when Huntzinger appeared threw acid in his face and fled. Huntzinger may lose his sight. He could not identify the man, whom he had noticed loitering in the vicinity earlier in the evening.

SAN FRANCISCO, March 10.—The wholesale price of sugar here will be increased 10 cents per 100 pounds tomorrow, it was announced today by the California-Hawaii Sugar and Western Sugar companies, making the basic price \$65.5 a hundred.

CHICAGO, March 10.—Chicago Fruit Auction. Oranges 25 cents up; best, \$3.75 to \$4.00; medium, \$3.25 to \$3.50; lemons 25 cents higher; best, \$5.75 to \$6.15; medium, \$5.15 to \$5.45.

GENEVA, March 10.—The commission in international jurists and military and naval experts, under the direction of Admiral Sousa Silva of Brazil, has drafted a proposal to authorize the league of nations to investigate the armaments of Germany and other former members of the Allies. This will be submitted to the league council at the present session, which opened yesterday.

WASHINGTON, March 10.—The senate has taken almost unprecedented action and rejected the nomination of Charles B. Warren of Michigan to be attorney general. The vote was 41 to 39. The deciding vote was cast against Warren by Senator Reed of Pennsylvania to break a tie of 40 to 40.

LONDON, March 10.—King Tut Ank Amen and all his glory probably will have to take a somewhat less exalted seat at the table of noble antiques, should new discoveries by Egyptologists prove as valuable as expected.

The resting place of another monarch named Snefru, older by far than King Tut, is believed to have been found by archaeologists with the Harvard University expedition to the Giza pyramids in Egypt. Snefru is the fourth Egyptian dynasty. He lived between 5000 and 6000 years ago and his reign preceded those of Tut and the caskets of alabaster.

DEDICATES MONUMENT
VICTORIA, Spain, March 10.—King Alfonso dedicated a monument to the memory of Ex-Primer Data, who was assassinated in 1921.

MISSOURI GIRL Leaps to Death from Monument
BALTIMORE, March 10.—Margaret Koontz, a pretty young woman with brown bobbed hair, ended her life today when she plunged 200 feet from the top of the Washington monument.

Miss Koontz is said to be the daughter of H. A. Koontz of St. Joseph, Mo. She came to Baltimore in January and registered at the Peabody Conservatory of Music. A card from the Y. W. C. A. with her name on it identified her. She was about 20 years old.

The girl wore a gold ring upon which was lettered "C. H. S. 20 Loyalty." She had spent about two hours at the top of the monument and had been seen by many persons. She had not attracted particular attention, however, nor were her actions described as out of the ordinary.

Consideration of the bills, both of which provide for the establishment of a self governing bar which would direct the practices and conduct of its members, will probably not be reached by either house before the end of the week.

Action on the Riverside State fair bill was postponed after more than three hours of heated battle in the senate agriculture committee last night. Senators Chester Kline of Riverside county and Cadet Taylor of Pomona were the chief advocates of the bill, of which Kline is the author.

Senator J. M. Inman of Sacramento, aided by a corps of representatives of the Sacramento chamber of commerce, launched a bitter attack on the bill, which they claimed would result in ruin for the present fair held here.

Kline pointed out that the high cost of a trip from the southern part of the state to Sacramento prevented many persons from that section from attending the local fair, and declared that failure to pass his bill would result in "virtual taxation without representation."

The agriculture committee voted out the fruit standardization bill of Herbert C. Jones with favorable recommendations.

DEFENDS K. K. K. Secret Lists
Dr. James Rush Bronson, Oakland, organizer and lecturer of the Ku Klux Klan in California, last night addressed the assembly committee on corporations in opposition to a bill by S. V. Wright, which would require secret organizations to make public their membership lists.

Wright frankly admitted his measure was aimed at the Klan, following which Bronson delivered a lengthy dissertation lauding the principles of the Klan, reading a part of its preamble and defending the principles of secrecy as practiced by many secret orders.

No action was taken on the bill during the meeting, but it was decided to continue consideration of it at an executive session some time next week.

The anti-herb bill, authored by Assemblyman Edward Smith of Oakland, around which the recent extortion investigation centered, is scheduled to be taken up by the assembly committee on medical and dental laws on Thursday of this week.

TO IGNORE ORDER FROM S.B. COUNTY

Second Set of Subpoenas Will Be Disregarded, Says Parole Chairman

SAN FRANCISCO, March 10.—A second set of subpoenas, reported en route north, ordering members of the state prison board to appear before the San Bernardino county grand jury will be met with the same disregard which greeted the first documents, George A. Van Smith, president of the board, said today.

The parole body is wanted in San Bernardino to explain why it released Fred A. Alford, former city manager of Ontario, from San Quentin after he had served but a few months of an indeterminate sentence for embezzlement. The subpoenas order the board's appearance Thursday.

"So, they're after us again, are they?" Van Smith commented today when told by the United Press that the papers are speeding northward by special delivery mail.

"They served one on me several days ago but I lost it. I don't even know what it said."

"We have a board meeting Thursday and I don't think that meeting will be held in San Bernardino."

San Bernardino advises stated the subpoenas this time named the board members as individuals, not as a body, but Van Smith said such distinction would make no difference in their refusal to appear.

The subpoenas are supposed to be received by the sheriff of Marin county, in which San Quentin is located, but had not arrived today. That authority said if they name the board as individuals he would be unable to serve them, as the members do not live in Marin county.

Predict Fair Weather In Southland

SAN FRANCISCO, March 10.—California skies cleared somewhat today with a promise of fair weather after a moderate rainfall over the entire state during the past 24 hours. Mount Hamilton reported the heaviest precipitation, .86 of an inch being recorded.

Rainfall reports were as follows:
Eureka .54; Red Bluff .30; San Jose .14; Merced .12; Rocklin .07; Stockton .06; Santa Rosa .05; San Francisco .04; Riverside and San Diego .02.

Although leaden skies this morning made local weather prophets consider more rain probable here this Southern California business forecasts "fair tonight and Wednesday."

ROTARY DRILL STARTS WORK IN S. A. FIELD

A big rotary drill of the Standard Oil company this afternoon started on its history making tour in the direction of anticipated oil deposits in the prospective Santa Ana oil field, south of Santa Ana.

The company at 2 p. m. today spudded in on its well at Pauline, with Charles Garrison, driller, having the honor of directing the initial operation in drilling the oil tool downward.

Three of the best deep well drillers in the employ of the Standard have been assigned to the well at Pauline, the other drillers being Al Porter and William Fiekle. These men were engaged in sinking the well near Anaheim which the Standard recently abandoned.

Including the drillers 15 men will be employed in the operations, five working on each shift of eight hours. All of the employees are experienced men and all are known for the distinction of being in the crew because of the possibility of opening a new and extensive oil field in this vicinity.

J. W. Barrett, who has had experience in Huntington Beach and Kern county fields, has been assigned temporarily as superintendent of operations at Pauline. He, too, is anticipating work that will develop a new field. He has moved his family from the northern field and is living near the Country club.

This forenoon the drillers completed the sinking of two "rat" holes, one for an extra joint of pipe that will always be in position for adding to the string of pipe, and the other for the "kelly," the heavy piece of iron that is attached to the top of the hole.

Three of the four boilers that will furnish power for drilling were under steam today and will be kept in operation, unless troubles develop. In case of difficulty developing in any one of them, the reserve boiler will be brought into use.

"ROBBERS ROOST" BELIEVED FOUND
VICTORIA, B. C., March 10.—United States secret service men working with Canadian officials today were investigating what they say may be an international "robbers roost."

They arrested Richard Peltier, at his Point Roberts ranch and his arrest led to new evidence in the Earl G. Hocking case in which Captain Peltier and his son were murdered in cold blood for the possession of a liquor cargo of 250 cases.

REGENTS OF UNIVERSITY HOLD MEET IN BAY CITY

Secret Session Is Being Held to Adjudicate on Offers For Branch

GOVERNOR IS TAKING PART IN DISCUSSION

Fullerton Delegates Are Sanguine of Success In Bid For Location

ACCORDING to information from San Francisco, the board of regents of the state university were in secret session in that city this afternoon for consideration of the sites offered for the southern branch.

The meeting was started at 2:30 p. m., behind closed doors, with announcement that there would be no statement of the proceedings of the board until after the deliberations had been completed.

Governor Friend W. Richardson and other members of the board arrived in the northern city this forenoon, prepared to go into the secret session this afternoon for decision on the site. It was not definitely stated that the regents expected to definitely decide the issue today, but it was anticipated that such action would be taken.

J. A. Prizer, of Fullerton, and representative men of other southern counties favorable to the Fullerton site of 1000 acres were in San Francisco in behalf of the Orange county location.

Speculation was rife here today as to whether the governor and the board of regents would override political influences of Los Angeles and award the "prize" to Fullerton.

SENTIMENT REPORTED TO BE ABOUT DIVIDED.
SAN FRANCISCO, March 10.—With sentiment apparently about evenly divided between two places, members of the State University Board of Regents went into session here this afternoon to pick a new site for the Southern California branch.

Two locations which seem to have favor with the regents include one near Pasadena, with 250 acres and the Pasadena Rose Bowl offered, and one of 1,000 acres at Beverly Hills, near Los Angeles.

Senator A. B. Johnston of Pasadena told the United Press that he had discussed the proposals with members of the board and they seem about evenly divided over the two locations.

In fact, so close is the sentiment running that it was predicted an altogether different site may have to be chosen as a compromise.

There was a full attendance of the regents present and the meeting opened with indications of spirited discussion.

That it is necessary to move the branch from its present quarters in Los Angeles to permit further expansion appeared to be agreed.

LAWYERS WARY AS SUIT OVER TOOTH STARTS

Dr. William A. Flood, local dentist, who was sued for \$25,000 damages by Mrs. Helen Simons, of Long Beach, former Costa Mesa woman who charged the dentist with malpractice, was expected today to present his defense. The trial opened yesterday before a jury in Superior Judge Z. B. West's court.

The story of a refractory wisdom tooth, the root of legal difficulties between dentist and patient, was unfolded warily by attorneys in the case, as plaintiffs' witnesses took the stand late yesterday. There were several passages between attorneys and witnesses that lent diversion to the proceedings, which were marked by cautious maneuvering on both sides.

Dr. Flood extracted the wisdom tooth for Mrs. Simons February 27, 1924, while she was living at Costa Mesa. She alleges that a part of the tooth was left in her jaw and that the dentist failed to give proper attention to the case, so that infection followed and she suffered great pain as well as financial loss in procuring medical care.

Lists Doctor's Claims
Called to the witness stand by Attorney Combs, of counsel for the plaintiff, the dentist declared that after extracting the tooth, he instructed Mrs. Simons to return to his office the next day for further attention, but that she failed to do so and did not reappear for several days. Meanwhile, the defense expects to contend, she visited various other dentists. She admits consulting other dentists, also various physicians, whose bills she lists as part of her claim for damages.

Among those consulted by Mrs. Simons was Dr. Harry Grandvent, of Long Beach, who added his own diversion to the trial when he showed an inclination to bulk at taking the witness stand. "I want to know my status as a witness here," he demanded of the court and attorneys. "I was subpoenaed here, but have not received my witness fees, and I don't know whether I am called as an expert or as an ordinary witness. I want my status defined before I testify."

Dr. Grandvent, however, testified, after the court laconically informed him that whether his testimony was to be that of an ordinary witness or an expert would probably be revealed by the questions asked him, and that, since he was in court, he had to testify anyway. A representative of the state medical board sat on the front row of the courtroom seats, interestedly observing the proceedings.

Gives Brusque Replies
Dr. Grandvent testified that he is a "go-between" specialist for the medical and dental professions and admitted that Mrs. Simons had been locked tight after infection set in, until Dr. Grandvent succeeded in releasing them, she said. Attorney Garten, of defense counsel, succeeded in drawing fire with his first question of the witness, on cross-examination.

"Let me see, you are a woman of about 52 years of age, aren't you?" queried Garten innocently. "I AM NOT," responded the witness sharply. "I am 51 years of age."

"Oh, excuse me," answered Garten, who then proceeded with his cross-examination with the air of a man who had accomplished a purpose. The ensuing questions and answers were tinged with the same antagonistic manner.

Statistics just published in England show that twenty-one is the age at which most girls in that country are wed.

LOS ANGELES AUCTIONEER ASKS COUNCIL FOR LICENSE; REFER MATTER TO M. AND M.

Whether licenses should be issued to auctioneers who will confine their operations to the selling of merchandise and other goods originating in Santa Ana today was in the hands of the Merchants and Manufacturers association, the result of action by the city council last night on the application of J. B. Sartain, of Los Angeles, for a license.

Sartain desires to open a place here where he may two or three times a week offer at auction second hand articles that local residents may wish to clear. The point was made that such a place would offer residents opportunity to sell pieces of furniture to better advantage than at present.

High Rate Established
Two years ago the council passed an ordinance establishing a fee of \$35 a day for an auctioneer operating here. The high fee was made to prevent auctioneers from bringing in clothing and merchandise to offer to Santa Anans.

The application was referred to the merchants association to get the opinion of that body on the advisability of revising the license rate and making provision for an auctioneer who would devote himself exclusively to the auctioning of local merchandise.

Robert Cavenagh, manager of the automobile show to be held here March 21-28, was given permission to extend the tent over the sidewalk on French and Spurgeon streets at Second, where the show will be held. Cavenagh explained that the lot was hardly large enough to accommodate the big tent.

The council granted the petition of the Southern California Investment company for abandonment of two alleys in the North Broadway Park subdivision on condition that the company deposit in cash the money necessary to defray expense of abandonment proceedings.

Permission was given the Richelieu hotel management to remove old buildings at the rear of the hotel.

Award Paving Contract
Installation of a gasoline engine as an auxiliary power unit at the treatment plant of the joint outfall sewer was awarded to Fry Brothers, who were awarded the contract for paving Hesperian street, First to Fifth, with five inches of concrete.

Dr. Grandvent testified that he is a "go-between" specialist for the medical and dental professions and admitted that Mrs. Simons had been locked tight after infection set in, until Dr. Grandvent succeeded in releasing them, she said.

Attorney Garten, of defense counsel, succeeded in drawing fire with his first question of the witness, on cross-examination.

"Let me see, you are a woman of about 52 years of age, aren't you?" queried Garten innocently. "I AM NOT," responded the witness sharply. "I am 51 years of age."

"Oh, excuse me," answered Garten, who then proceeded with his cross-examination with the air of a man who had accomplished a purpose. The ensuing questions and answers were tinged with the same antagonistic manner.

Statistics just published in England show that twenty-one is the age at which most girls in that country are wed.

AROUND THE COURTHOUSE

Brief News of Courts and County Officers

Would Use Arena for Dancing.

Receiving an application for license to open a public dance hall in the former boxing pavilion at Orana, the county supervisors today referred it to District Attorney A. P. Nelson and Sheriff Sam Jernigan for recommendations.

E. Hertel, 1090 West Thirty-fifth street, Los Angeles, signed the application.

The Orana pavilion has been in disuse since the county supervisors legislated boxing clubs out of existence some months ago.

A license fee of \$50 per quarter is required of dance halls, all applications for which must be approved by the district attorney and sheriff, under present procedure, before being granted.

Pleads Guilty, Granted Probation.
A. Gonzales, charged with non-support, was granted probation late yesterday by Superior Judge R. Y. Williams, who suspended judgment for a period of six months, after receiving Gonzales' plea of guilty. Gonzales promised to pay \$40 per month toward the support of his children.

Ask Custody of Children.
Mrs. Grace B. Johnson, of Anaheim, whose suit for divorce from William A. Johnson was on file today in the superior court, asked custody of their two children and \$100 per month alimony.

The couple lived at 549 South Illinois street, Anaheim, before their separation last Friday. Mrs. Johnson charged cruelty, alleging that her husband frequently beat her and cursed at her. They were married at Mankato, Minnesota, December 23, 1916.

Seeks \$450 Damages.
W. F. Normandy, of Fullerton, instituted proceedings in the superior court late yesterday to recover \$450 damages from Isabella Fraser, as the result of an automobile collision that occurred March 6 on the state highway, four miles from San Juan Capistrano.

Attorneys Marks, Launer and Collins, of Fullerton, represent the plaintiff.

Following testimony of a 15-year-old Santa Ana girl, Marcil Dietrich, who is charged with a statutory offense, was held to answer in the superior court at his preliminary hearing before Justice K. E. Morrison late yesterday.

BATH CAUSED DEATH
LONDON, March 10.—A coroner's inquest has found that Major Martin Hewitt, 78, who fought in the Zulu, Boer and World Wars, died from overexertion in drying himself after taking a bath.

SEEK CUSHION SLASHER
LONDON, March 10.—The London General Omnibus company has offered a large reward for the arrest of a man who has cut holes in the leather seat cushions of their busses. More than 100 cushions have been cut.

The London General Omnibus company uses 1,200,000,000 tickets annually.

STUDENT STORE TO BE TALKED BY S. A. BOARD

A number of important measures affecting the administration of the city schools will come up for discussion at the regular school board meeting to be held this afternoon at the board room offices, it was announced today.

Listed among proposals to be acted upon, it was intimated, is a request from the student body of the junior college and high school to establish and operate within the school premises a regular student body store, where students would be enabled to buy at cost, not only candies and petty articles of merchandise, but all needed supplies for all student activities, including sports and athletics.

FINE FEATHERS
MANCHESTER, Eng., March 10.—A traveling feather merchant purchased two pillows from an old woman near here. An hour later he saw a man wildly chasing him. In the pillows the man had secreted nearly \$2000, his lifetime savings, without telling his wife where the money was hidden.

If straightened out, an ounce of spider's web would extend 350 miles.

Des Moines plans the installation of a radio system to facilitate the work of its police department.

Complete Plans For Funeral of Park Resident

Arrangements were completed today for funeral services for Mrs. A. E. Glass, mother of Mrs. J. E. Pearce, 501 South Halladay street. The death of Mrs. Glass occurred in the very early hours of this morning, March 10, 1925, at the home of her son, F. L. Glass of Buena Park, after an illness of only a week's duration.

Born in New Haven, Conn., June 10, 1836, Mrs. Young, whose maiden name was Ann E. May, was married to A. E. Glass on April 8, 1858. In 1887 they came to California and since 1896 resided on the home place at Buena Park where the death of Mr. Glass occurred in January, 1911, at the age of 90 years.

The children were all at the bedside of their mother when she passed away and were F. L. Glass of the home place, F. C. Glass also of Buena Park, Mrs. F. R. Redelberger of Fullerton, Mrs. L. S. Ottman of Ontario and Mrs. J. E. Pearce of this city.

Mrs. Glass was a faithful and consistent member of the Baptist church and funeral services on Thursday, March 12, at 2 p. m. will be conducted by the pastor of the Anaheim Baptist church at the Backs and Terry chapel with burial to follow in the Anaheim cemetery.

Des Moines plans the installation of a radio system to facilitate the work of its police department.

Society

Music Section

Whole-hearted singing of "America the Beautiful" (adopted as the clubwomen's national song), marked the opening of yesterday's interesting meeting of the Ebells Music section on the auditorium stage of the clubhouse.

Miss Leonora Tompkins, section leader, presided over the brief business session and introduced the talented members and guests who gave the program. "Design in Music" was the theme of the chapter analysis of the study book given by Mrs. Arlene Bradford Wigdal who illustrated her different points with musical numbers in which she was assisted by her sister-in-law, Miss Mabel Wigdal of Whittier.

Miss Wigdal has a beautiful high soprano voice, very full and strong and her songs were thoroughly enjoyed. Among them were "Songs My Mother Taught Me" Dvorak; "Those Endearing Young Charms," Thomas Moore; "Hark! Hark, the Lark!" Schubert; "My Mother Bids Me Bind My Hair," Hayden; "My Heart Ever Faithful," Bach; and "I Attempt" from "Love's Sickness to Fly" by Henry Purcell.

The program for the section members, concluded with a remarkable rendering of the first movement from Beethoven's "Pathe-tique Sonata" by Mrs. Wigdal after

which the meeting was opened to Ebells members and guests who were gathered in lounge and banquet room for the regular Monday tea. The remainder of the interesting program was enjoyed by over 100 persons and featured Mrs. Harry Hayes in a delightful song group, Mrs. Wigdal in piano numbers and Miss Wigdal in a song.

Social Calendar

March 10—

Recital of Pomona College Women's Glee Club; Congregational church; 8 p. m.

Thedford's BLACK-DRAGHT LIVER MEDICINE

"Don't Be Afraid to Smile"

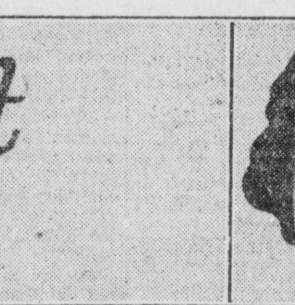

Add Many Happy Years to Your Life

469 Out of 600 Infected

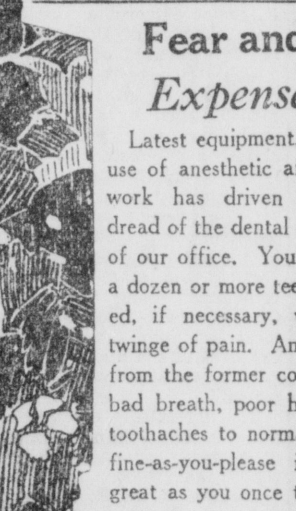

SOME years ago, 6000 X-Ray films were made of the mouths of 600 adults, all of whom were apparently in good health. These films showed 78% had chronic infection about their teeth. In addition to chronic abscess and pyorrhea, it has been proved that many cases of disease of the stomach, gall bladder, kidney, tissues of the heart and inflammations of muscles result from infections about the teeth.

a Perfect Match

Make Your Appointment At Once Call 2-3-8-1

**Fear and Ignorance Are Gone
Expense Greatly Reduced**

Latest equipment, scientific use of anesthetic and careful work has driven the "old dread of the dental chair" out of our office. You can have a dozen or more teeth removed, if necessary, without a twinge of pain. And the step from the former condition of bad breath, poor health and toothaches to normal feeling—fine-as-you-please is not so great as you once thought.

By combining offices we reduce overhead expenses (divide rents and nurses' salaries, etc.); by buying materials in large quantities, we get better goods for less money; by associating we are able to consult quickly, giving you the benefit thereof; by operating our own X-Ray we make no mistakes; by use of our own laboratory, all work is done under each specialist's observation while one dentist operating alone sends his work to a commercial laboratory and never sees the work until it is finished.

Why We Are Successful!

The teeth are so necessary to health that any tampering is dangerous, and will be felt in every part of the body. That's why we operate with the fullest information to be had. Our office is sanitary. All instruments double sterilized to prevent infection. You profit by every precaution that is taken in hospitals for major operations.

Consultation a Great Asset!

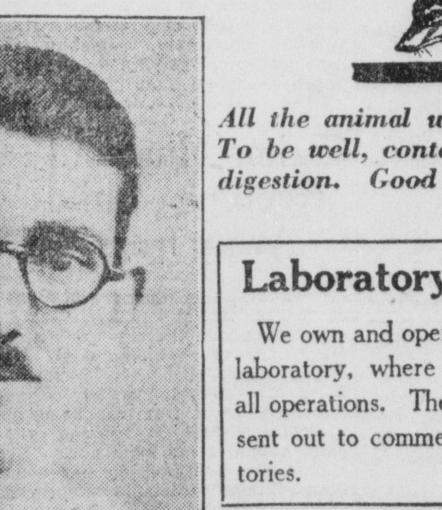

When any one person in a field that is as vital as is dentistry presumes to handle all phases of dental cases, the danger point is at hand. While we are specialists, we consult freely on all cases where any doubt whatever exists.

Better Dentistry for Less

Dr. Vernon M. Blythe

All the animal world is a lesson on the subject of teeth. To be well, contented and happy—you must have a good digestion. Good teeth are a main factor.

Laboratory Work

We own and operate our own laboratory, where we oversee all operations. The work is not sent out to commercial laboratories.

Baked Porcelain

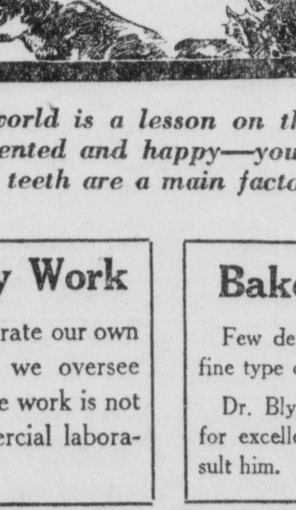

Few dentists can or will do this fine type of dental work.

Dr. Blythe won the Ford medal for excellence in this work. Consult him.

A Popular Kid

—four straps
—dress lines
—ten dollars

There is no argument about it, the kidskins of which the new Spring shoes are made are the one and only leathers suited to the soft, dainty styles. The one pictured is a model of small four-strap perfection, the unusual perforations at the sides carrying out the dressy effect. A Spanish Cuban heel. Finest grade of black kid. Per pair, \$10.

What Hose Looks Best with It

The shades we suggest are Cruiser, Parchment, Fallow, Camel, Palm Beach, Racquet or Gunmetal. You could hardly do better than Granite Hose, with the block reinforcement. At \$1.75 and \$2 a pair.

FULLER—At the Anaheim hospital, March 8, 1925, to Mr. and Mrs. Eldon Chaburn Fuller, 1130 Lyon street, Santa Ana, a daughter, Iva Marie Fuller. Mrs. Fuller formerly was Miss Josephine Scott of this city.

Death Notices

A WORD OF COMFORT
Many a man has been equipped with splendid tools, but his life is ineffective because he fails to grip and use them aright. A great tragedy rouses his latent strength and becomes a power.
The summons of this hour for you is to lay hold upon the unsuspected strength God has bestowed upon you and to be the man He knows you are capable of becoming. Nothing can daunt the soul which will not know defeat.

GLASS—In Buena Park at the home of her son, P. L. Glass, March 10, 1925, Mrs. A. E. Glass, 89, funeral services will be held Thursday, March 12 at 3 p. m. at the Backus and Terry chapel, Anaheim, with burial to follow in Anaheim cemetery.
Mrs. Glass was the mother of Mrs. J. E. Pearce, 501 South Halladay street, Santa Ana.

CARD OF THANKS
We wish to thank our friends for their kindness, sympathy and beautiful floral offerings tendered us in our recent bereavement.
MRS. VERA COMER,
MRS. MINNIE DUKE.

FUNERAL NOTICE
Services of Mrs. L. R. Dallas, who passed away at her home at Garden Grove, Saturday, March 7th, will be held from the Westminster Mission Funeral home, Wednesday at 2 p. m. with the Rev. David Looftbourrow of the First Methodist church of Garden Grove, officiating with interment in the Fairhaven cemetery.

Silver Cord Lodge, No. 505, F. & A. M., will confer the first degree Tuesday, March 10, work commencing at 4 p. m. and continued at 7:30 p. m. All Masons are invited.
WARD SUTTON, W. M.

The Well Dressed Man
By BEAUNASH
Correct Clothes To Meet The Obligation Of Every Occasion

MUFFLERS DE LUXE
Mufflers are so audaciously brilliant now-a-days, that they make a Mandarin's coat or an Alpine sun set fade into a black-and-white sketch. Clearly, the heavy-weight silks seen during Winter do not consort with Spring. This accounts for the spreading vogue of printed English foulard, crepe and handkerchief silks in dark or light colors and pastel tones bearing vividly contrasting designs that stand out like foreign hotel labels upon a traveler's trunk. First, such mufflers are gratefully soft and cool-looking. Secondly, they take up negligible room in the pocket when you want to stow them away. Polka-dot, pin-dot and even coin-spot designs are as much sought as ever. Spruce, too, are the revived light-weight Persian, Paisley and tapestry patterns, revealing intertwined traceries of which the predominant color is old gold.
Mufflers with light-colored centers and dark-colored borders, such as the one reproduced here, are no end smart and colorful to accompany your spring top coat. They should, of course, be chosen prudently to dovetail with the general color theme of one's dress. The danger of going in for bold color in dress is that it is so easily overdone. Then comes a clash. Keep one key color in mind. That of your suit. Subordinate the colors of all the other accessories to this master color. Don't mix; don't jumble; don't be weaned away from this controlling color.
Set about dressing just as you would set about finishing a room. See that the various articles are correctly matched or mated to achieve a harmonious ensemble. You wouldn't crowd too many things into a room; it would look stuffy, instead of burnished. Likewise, don't try to "wear everything you own." Most of us are prone to run, right up to a flower in the coat lapel. Americans are prone to appear too fussy dressed, when they should be only comfortably dressed.
When come clear, crisp spring days wear light-woven and light-colored clothes to mesh with the season. Light colors bespeak youth, sunshine, joy of living and something of the spirit of "Why should the Devil have all the good-tunes?" Most of us are too afraid of color when it is just what we need to give character and personality to our dress. Dark colors best suit older men. Light colors are the hallmark of youthful days and ways.

The Cheerful Cherub

Hands of artists bring us beauty,
Giving form and sound to dreams—
Other hands enrich our lives too,
Baking bread and sewing seams.

Fraternal Calendar

Pythian Sisters lodge—Will conduct initiation of candidates in the K. of P. hall, 306 1/2 East Fourth street, tonight.

EXPECT 1000 AT BOY SCOUT RALLY

More than 1000 Boy Scouts, members of their families and friends are expected to attend the quarterly Scout rally in the high school auditorium, Orange, Friday.
An interesting evening has been arranged, it was stated today by Roland E. Dye, Scout executive of Orange county. The new badge presentation ceremony will be used for the first time at this gathering. Jerome Shaffer, well known entertainer, will present a group of comic numbers.
The troop having the largest attendance at the meeting will be awarded a banner, which will remain with the troop until the next quarterly session. The troop winning the banner twice will be permitted to keep it permanently.
Leon O. Whittell, chairman of the county court of honor, will present the banner Friday evening.
No admission charge will be made and everyone interested in Boy Scouts and their activities are invited to be present at the rally, which will start at 7:45 p. m.

COUNTY WOMEN TO ATTEND T. B. MEET

Several prominent Orange county club women, identified with social welfare work, will attend the annual meeting of the California Tuberculosis association, to be held March 27 and 28 at the Ambassador Hotel, Los Angeles, it was announced today by Mrs. Amelia A. Meagher, executive secretary of the Orange county association.
Mrs. Meagher and Miss Florence Ames, both attached to the county health office, will be official delegates to the meet, it was announced.
The program includes papers by prominent physicians bearing on tuberculosis and its prevention.
PAGE PONCE DE LEON!
ROME, March 10.—Sallechito, a mountain village in Piedmont, northern Italy, has suddenly become famous. No one has died there during the last three years. It is also claimed that no one there drinks wine, quarrels or steals and that perfect harmony reigns among the inhabitants. Many tourists are now flocking to the village.
The Michigan Association of Southern California announces a picnic reunion to be held in Sycamore Grove Park, Los Angeles, on Saturday, March 21.
Ed "Pop" Daley has purchased the barber shop at 109 West Third street and is now in charge. Daley is well-known along real estate row through his long connection with Eshom's barber shop. The new shop will cater to women and men.
P. J. Fickus, a business man of San Francisco, whose car was damaged in an automobile collision yesterday afternoon on the San Diego highway near San Juan Capistrano, is registered at Hotel Santa Ana. Other arrivals include J. O. Tuttle, San Francisco; N. J. Matthews, Los Angeles; Mr. and Mrs. A. T. Schluter, Oakland; G. W. Cruikshank, Pittsburgh, Penn.; S. F. McCann, San Francisco; S. Hill, San Francisco.
A. W. Norins, a New York capitalist, is a guest at St. Ann's Inn. Other arrivals include Miss Polly Nally, New York City; Mrs. Lillian Burch, Barstow, Calif.; Attorney L. W. Combs, Long Beach; Mr. and Mrs. J. L. McClelland, Beverly Hills; Mr. and Mrs. R. Crothers, San Francisco.
President James Livesey Sr. of the Santa Ana Board of Realtors, with members Carl Mock and Asa B. Hoffman, left here early today to attend the Booster's banquet, at noon today at the City club, 833 South Spring street, Los Angeles, given by the California Real Estate association. The luncheon is preliminary to the "Own Your Home" conference to be held at the Maryland hotel, Pasadena, today. The trio will return here tonight.

WILL SELECT OFFICERS FOR COUNTY BODY

Sheriff Sam Jernigan, chairman pro tem of the recently organized Orange County Peace Officers association, has called a meeting for tomorrow night at 7:30 o'clock of all members and prospective members of the organization, to be held in the assembly room of the Orange county farm bureau. Permanent officers will be elected for a term of one year.
More than 50 officers of the county already have associated themselves with the new organization, the aim of which is to furnish funds for widows of officers, to foster closer co-ordination in police work in the county and to furnish entertainment for officers at various times.
The constitution and by-laws, recently drawn up by a committee appointed by Sheriff Jernigan will be read and voted on for adoption. All officers of the county are expected to be present.

EXPECT 1000 AT BOY SCOUT RALLY

More than 1000 Boy Scouts, members of their families and friends are expected to attend the quarterly Scout rally in the high school auditorium, Orange, Friday.
An interesting evening has been arranged, it was stated today by Roland E. Dye, Scout executive of Orange county. The new badge presentation ceremony will be used for the first time at this gathering. Jerome Shaffer, well known entertainer, will present a group of comic numbers.

Several prominent Orange county club women, identified with social welfare work, will attend the annual meeting of the California Tuberculosis association, to be held March 27 and 28 at the Ambassador Hotel, Los Angeles, it was announced today by Mrs. Amelia A. Meagher, executive secretary of the Orange county association.
Mrs. Meagher and Miss Florence Ames, both attached to the county health office, will be official delegates to the meet, it was announced.
The program includes papers by prominent physicians bearing on tuberculosis and its prevention.
PAGE PONCE DE LEON!
ROME, March 10.—Sallechito, a mountain village in Piedmont, northern Italy, has suddenly become famous. No one has died there during the last three years. It is also claimed that no one there drinks wine, quarrels or steals and that perfect harmony reigns among the inhabitants. Many tourists are now flocking to the village.
The Michigan Association of Southern California announces a picnic reunion to be held in Sycamore Grove Park, Los Angeles, on Saturday, March 21.
Ed "Pop" Daley has purchased the barber shop at 109 West Third street and is now in charge. Daley is well-known along real estate row through his long connection with Eshom's barber shop. The new shop will cater to women and men.
P. J. Fickus, a business man of San Francisco, whose car was damaged in an automobile collision yesterday afternoon on the San Diego highway near San Juan Capistrano, is registered at Hotel Santa Ana. Other arrivals include J. O. Tuttle, San Francisco; N. J. Matthews, Los Angeles; Mr. and Mrs. A. T. Schluter, Oakland; G. W. Cruikshank, Pittsburgh, Penn.; S. F. McCann, San Francisco; S. Hill, San Francisco.
A. W. Norins, a New York capitalist, is a guest at St. Ann's Inn. Other arrivals include Miss Polly Nally, New York City; Mrs. Lillian Burch, Barstow, Calif.; Attorney L. W. Combs, Long Beach; Mr. and Mrs. J. L. McClelland, Beverly Hills; Mr. and Mrs. R. Crothers, San Francisco.
President James Livesey Sr. of the Santa Ana Board of Realtors, with members Carl Mock and Asa B. Hoffman, left here early today to attend the Booster's banquet, at noon today at the City club, 833 South Spring street, Los Angeles, given by the California Real Estate association. The luncheon is preliminary to the "Own Your Home" conference to be held at the Maryland hotel, Pasadena, today. The trio will return here tonight.
Vacuum cleaners repaired. Fix-it Shop, 105 E. 3rd. Phone 2520.
We fix almost anything. Fix-it Shop, 105 E. 3rd. Phone 2520.

MUFFLERS DE LUXE
Mufflers are so audaciously brilliant now-a-days, that they make a Mandarin's coat or an Alpine sun set fade into a black-and-white sketch. Clearly, the heavy-weight silks seen during Winter do not consort with Spring. This accounts for the spreading vogue of printed English foulard, crepe and handkerchief silks in dark or light colors and pastel tones bearing vividly contrasting designs that stand out like foreign hotel labels upon a traveler's trunk. First, such mufflers are gratefully soft and cool-looking. Secondly, they take up negligible room in the pocket when you want to stow them away. Polka-dot, pin-dot and even coin-spot designs are as much sought as ever. Spruce, too, are the revived light-weight Persian, Paisley and tapestry patterns, revealing intertwined traceries of which the predominant color is old gold.
Mufflers with light-colored centers and dark-colored borders, such as the one reproduced here, are no end smart and colorful to accompany your spring top coat. They should, of course, be chosen prudently to dovetail with the general color theme of one's dress. The danger of going in for bold color in dress is that it is so easily overdone. Then comes a clash. Keep one key color in mind. That of your suit. Subordinate the colors of all the other accessories to this master color. Don't mix; don't jumble; don't be weaned away from this controlling color.
Set about dressing just as you would set about finishing a room. See that the various articles are correctly matched or mated to achieve a harmonious ensemble. You wouldn't crowd too many things into a room; it would look stuffy, instead of burnished. Likewise, don't try to "wear everything you own." Most of us are prone to run, right up to a flower in the coat lapel. Americans are prone to appear too fussy dressed, when they should be only comfortably dressed.
When come clear, crisp spring days wear light-woven and light-colored clothes to mesh with the season. Light colors bespeak youth, sunshine, joy of living and something of the spirit of "Why should the Devil have all the good-tunes?" Most of us are too afraid of color when it is just what we need to give character and personality to our dress. Dark colors best suit older men. Light colors are the hallmark of youthful days and ways.

You And Your Friends Please Phone or Mail Items

Mr. and Mrs. Charles Dyer of Los Angeles spent Sunday at the home of Mrs. Dyer's mother, Mrs. G. R. West, 1007 Riverine avenue.
Mrs. C. F. Smith of 1717 North Broadway returned from Los Angeles last evening, and reports the condition of Mr. Smith as very favorable. He is at the Clara Barton hospital, where he underwent an operation. Mrs. Smith returned to Los Angeles today. It is hoped that Mr. Smith may be able to come home some time next week.

Ralph Livenspire, son of I. Livenspire of 822 North Ross street has been obliged to return home from the University of Oregon at Eugene, on account of his health. He does not plan to return north until next September.

Mrs. A. P. Nelson of 1701 North Broadway, who was painfully injured in an automobile accident in Los Angeles recently, went to Los Angeles today to spend a few days with friends, while recovering from the shock.

W. J. Miller of the Bungalow apartments left today over the Southern Pacific for New Orleans.

Mrs. Rosella Halesworth of 316 Halesworth street went to San Bernardino yesterday to attend the funeral of a cousin.

Mrs. Max Reinhaus and Mrs. Stanley M. Reinhaus are spending a few days in Los Angeles, visiting relatives.

The many friends of Dr. Perry Magill and her sister, Miss Julia Magill, who have been spending the past year in the Hawaiian island, Japan and China, are welcoming them home. They are at present with relatives in Garden Grove. Dr. Magill spent some time practicing her profession in each of the countries visited.

Dr. J. M. Bulpitt and his wife, Dr. Zoe M. Bulpitt and Mr. and Mrs. Chester Watkins spent the weekend in Los Angeles.

Miss Fannie Smart of San Diego motored to Santa Ana with a party of friends on Sunday to make a brief visit with her mother, Mrs. W. M. Smart and sister, Miss Mary Smart of 714 North Main street.

Mrs. R. J. Moore and little son, of Hibbing, Minn., have arrived for an extended visit with Mrs. Moore's parents, Mr. and Mrs. George Lester of 1121 North Sycamore street, Mr. Lester being ill. His condition, however, is slightly improved, which will be welcome news to his many friends.

Mrs. C. Koegler and son Jean Koegler, who have been making an extended visit with Mrs. Koegler's daughter, Mrs. E. L. Flanagan and family of 1123 West Fifth street, left today via the Union Pacific for New York City.

Police News

Chief Criminal Deputy Ed McChellum, who has been ill at his home for the past ten days, was reported convalescent today. He is expected to return to his duties at the sheriff's office at an early date.
R. E. McGill, 31, charged with issuing fictitious checks, was arrested in Anaheim last night and brought to the Orange county jail by Ed Marion, Anaheim constable.
C. L. Fletcher, stage driver, sentenced to serve five days in the Orange county jail last week on a speeding charge, was released from the jail last night to begin sentence.

J. Salazar, 27, and Y. Voogor, 26, were arrested last night as vagrants and lodged in the Orange county jail.

Let Hamilton, 23, La Habra barber, was placed in the Orange county jail last night, following his arrest yesterday on a misdemeanor charge.

M. H. Crawford, who has been in trouble with the police before, was arrested again last night by Officers Mohr, Hershey and Elliott, and lodged in the county jail on a suspicious charge.

C. R. Wolvington, 55, charged with being drunk, was arrested last night by Officer F. C. Jaeger, and lodged in the county jail.

H. A. Place, arrested here several days ago on a charge of vagrancy, when he was found asleep in a box car, was yesterday sentenced to 20 days in the Orange county jail.

Glady's Taylor, Huntington Beach girl was arrested yesterday, charged with speeding inside the city limits of Santa Ana at a rate of 34 miles an hour in a 20 mile zone. Officer V. Barnhill is credited with the arrest.

J. F. Snowden, Orange, reported to the sheriff's office yesterday that he had struck a boy playing in the road the fender of his car knocking the boy down. The name of the boy was not secured, and according to Snowden's report, the youth was not injured.

Santa Ana police have been asked to search for one Carlos Ramirez, Mexican, said to be about five feet, ninth inches in height, who is alleged to have \$300 worth of jewelry in his possession, stolen from the firm of Charles L. Rickertson, jewelers, Los Angeles. Ramirez disappeared of some of his loot in San Pedro, it was said, and was said to have come to Santa Ana. The jewelry consists of bracelets, rings and watches.

MUCH RAILROAD BUILDING.
WASHINGTON, March 10.—Railroad construction from Nov. 1, 1923, to Nov. 1, 1924, completely outstripped abandonment of lines, according to the interstate commerce commission. In that period the commission authorized new construction aggregating 1,315 miles while only 433 miles of track was allowed to be abandoned. A year, conditions were reversed.

ASSAULTS PARK SUIT.
NEW YORK, March 10.—Charges that the Long Island park commission is exceeding its authority and is violating the constitutional rights of citizens in obtaining land for state purposes by condemnation proceedings were made by Assemblyman John Boyle jr. of Suffolk county.

FOG HORN OF HAIR
LONDON, March 10.—Human hair is used to operate a new electric fog bell. A strand of several hundred hairs is stretched between two supports and on this strand is a link. As the fog gathers and the air gets moist, the hairs stretch and allow the link to drop down on electrical connections, completing a circuit which starts the fog horn.

PAPER BARRELS NOW
NEW YORK, March 10.—Paper barrels are the latest. The barrels are wound from a roll of tough "chipboard" paper and treated in such a manner to give them almost the strength of wooden barrels.

A Lucky Day For All!

Rankin's Bargain Basement

OPENS FRIDAY MARCH 13th!

ITS MISSION
To sell merchandise of a grade or two lower than that carried in our Main Store upstairs, at less than the usual retail prices. To carry a great variety of GOOD merchandise, applying the same rigid Rankin rules of quality, and sell it cheap.

CASH ONLY
No charges, no C. O. D.'s, no delivery, no telephone orders, no "will calls"—no frills at all, JUST BARGAINS!

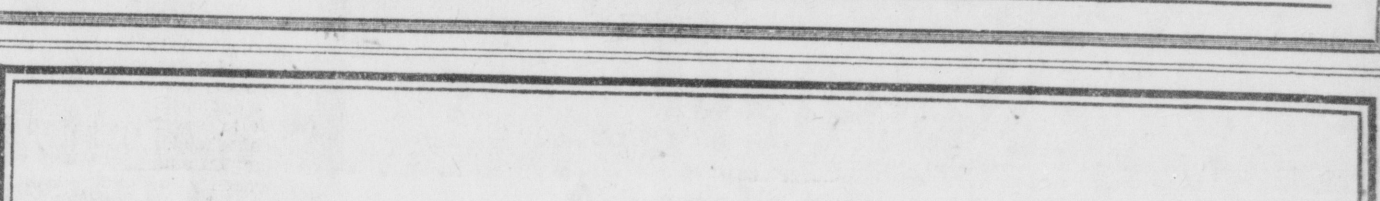

HELP YOURSELF
Goods will all be in plain view, easy to get at, and marked in plain figures. A Rankin Shopping Basket will be provided to each customer who wants one. There will be salespeople on duty whose service may be limited to showing you around, and helping you complete your purchases. It is a sort of "help yourself" idea.

COMFORT, HEALTH
The air is changed once every fourteen minutes by a new air cooling process. It will be the coolest place in town in summer.

CHECKING
The system requires that bags and bundles be checked when entering and when given a Rankin Shopping Basket. This service will move quickly, conveniently and satisfactorily.

BARGAINS SIX DAYS A WEEK
The bargains won't just "happen" now and then—this is a carefully planned store, a place you can come to six days a week and find the choicest bargains of the country's markets. Nearly two months were spent in the East purchasing stocks for the opening. Connections established will furnish us with a constant stream of choice "buys" from everywhere!

Thursday's Advertisement will Be Devoted to News About Bargains

SOAP-MAKING ART REVIVED AT PRESIDIO

SAN FRANCISCO, March 7.—The ancient art of soap-making is to be revived by the United States army and the process may result in the complete loss of the art of plain and fancy swearing.

Presidio officers point out that it is necessary to taste the mixture of fat and lye in order to test the proportions of the ingredients. Too much lye or too much fat prevents soap attaining the correct degree of cleansing ability so much desired by the army man.

The habit of parents a few years ago of washing out the mouth of children caught using naughty words may be applied to fill the job of soap taster.

Sergeants, it appears, for their own protection, would forswear the use of profanity, and would keep check on its use by the men.

At the end of the week, each man would be graded and those found to have excelled in the use of cuss words forthwith be assigned to the soap-tasting detail for the ensuing week.

"Some time ago we called attention to the increase of church members in the army," Colonel W. R. Stanfield, assistant chief of staff, said. "The chaplains have been mightily pleased, and now the war department appears to have injected a new urge into the service for men to be as cleanly in mind and body as possible."

"Army soap as made by army cooks should be able to impart a polish to the persons of the men that would outdo their buttons and bayonets, and just imagine what the same soap, taken internally, would do for their sometimes-profligate tongues."

"Officers, of course, do not need to eat soap; their sergeants do that for them," he added cheerfully.

Bomb Blast In Herrin Hurts 2; Fear Klan Battle

HERRIN, Ill., March 10.—Authorities here today feared new outbreaks in the intermittent warfare between members of the Ku Klux Klan and Klan opponents as a result of a dynamite explosion last night which injured H. O. Fowler, an acknowledged klansman, and his wife. Mr. and Mrs. Fowler were in the Herrin hospital today. Mrs. Fowler is still unconscious and doctors think there is little chance for her recovery.

The explosion, apparently caused by a dynamite bomb, broke windows in several buildings in the neighborhood.

The Klan and anti-Klan warfare has been at a standstill since the killing of S. Glenn Young, famed klansman and liquor raider, several weeks ago.

Illinois Girl's Body Found In Leipzig Stream

LEIPZIG, Germany, March 10.—The body of Helen Reichert, Canton, Ill., girl, reported missing yesterday, was found today floating in a small stream in the center of Leipzig.

W. P. Reichert and wife of Canton, Ill., just recently arrived in Leipzig to hunt for their daughter, who has been missing since February.

A letter found in the missing girl's room indicated she had been disappointed in love and considered suicide.

Miss Reichert had been studying music here more than two years. She fell in love with a teacher of languages much older than herself, authorities were informed, but on account of the disparity in ages, the teacher did not return the affection.

CHARGE BIG SWINDLE
BERLIN, March 9.—Prince Ben-them-Steinfurt has been arrested charged with promoting a gigantic swindle through which hundreds of people in Germany, Holland, Switzerland, Czechoslovakia and Poland were robbed of as much as \$100,000 each.

Taylor Denies He Will Seek Congress Seat

SACRAMENTO, March 10.—State Senator Cadet Taylor of Pomona today denied he would be a candidate for congress to succeed Walter F. Lineberger, who has announced his intention of running for the senatorial seat occupied by Samuel Shortridge.

"I have never given the matter a thought," Senator Taylor declared when questioned as to the veracity of the rumor.

"I believe the people of my section are in favor of W. E. Evans of Glendale as the congressional candidate."

BABY MARKET WOMAN FREED ON \$1000 BOND

LOS ANGELES, March 10.—Preliminary hearing of Mrs. Hazel M. Sims, charged with maintaining a "baby market," has been set for March 17.

Mrs. Sims pleaded not guilty when arraigned before Justice of the Peace Baird, and was allowed her freedom under \$1000 bonds, pending her next appearance in court.

She is accused of violating the slavery section of California's penal code, which forbids trafficking in human beings.

Authorities claim she sold outright the babies of unwed mothers at a profit, but she maintains she merely arranged for adoption of the infants, charging a nominal maternity expense.

Security Parley for Easter Seen

ROME, March 10.—An international security conference to convene either in London or Brussels during the Easter holidays is expected by Premier Mussolini. The Italian government is discussing such a conference with the allies. According to present plans, Germany would attend such a conference as a fully accredited participant.

"Face Lifter" Is Held for Death of Woman Patron

LOS ANGELES, March 10.—Mrs. Mary Electra Lawrence faced manslaughter charges today in connection with a fatal "face-lifting" operation at her beauty parlor.

A coroner's jury decided that Mrs. Jessie Gilchrist of Pasadena, died as a result of poison administered to her face in the "peeling" operation performed by Mrs. Lawrence.

CLAIM DOHENY FIRM EVADED U. S. TAX LAW

LOS ANGELES, March 10.—Charging Edward L. Doheny and his associates with evading the income tax law, suit to recover \$904,551.62 has been filed in Federal court here by J. Edwin Simpson, assistant United States attorney.

The complaint charges a transfer of the assets of the Doheny Pacific Petroleum company to the Pan American Petroleum company of California in 1919 at a profit of \$2,089,680.98, which was not disclosed by income tax returns.

The defendants include E. L. Doheny sr., E. L. Doheny jr., Mrs. Carrie Estelle Doheny, J. C. Anderson and Olin Wellborn jr.

Olin Wellborn jr., of Doheny's legal staff, said he planned to oppose the suit. "We are prepared to resist the suit not only in the court in which it was filed, but also in such higher courts as the case may be carried," he said.

DEMOTION OF 4 SOLONS APPROVED

WASHINGTON, March 10.—President Coolidge thoroughly approves of the expulsion by the Republicans of a majority of the four La Follette supporters from committee chairmanships and assignments, it was said at the White House today.

The spokesman for the president said Mr. Coolidge did not regard the expulsion of the independents as either punishment or discipline, but rather as the fulfillment of promises made during the last campaign.

The Republican party was placed in power by a vote of the people, the president was said to feel, and should now take measures to assure itself of majority rule in congress in response to that mandate.

The four ousted senate Republicans intend to carry their protest to their constituents this summer.

Rebellious at the action of the senate in adopting the plan of Republican leaders, which drops Senators Ladd, North Dakota, Republican; Frazier, North Dakota, Republican; Brookhart, Iowa, Republican; and La Follette, Wisconsin, Republican, to the bottom of the committee lists, the members intend to appeal to the voters back home.

The three members of the quartet now here believe the Republicans of their states have been deprived of their privileges. La Follette is now in Florida.

PLAN STINNES MEMORIAL
BERLIN, March 10.—The Stinnes family has engaged three leading sculptors, including Harold Lederer, designer of the Bismarck monument, to draw up plans for a monument to the late munitions millionaire.

The Quick Meal Range
does things
impossible for
the ordinary range

And all because it is Lorain equipped!

Before the invention of the Lorain oven heat regulator, heat was the one thing in cooking that had to be guessed.

The Lorain oven heat regulator removes all uncertainty. It not only measures the heat but controls it. There are many different temperatures at which the Lorain can be set—ranging from 250 to 550 degrees. You simply turn the red wheel until the indicator points to the desired temperature, and that exact temperature will be maintained in the oven, as long as you want it.

You can maintain a low even temperature with a Lorain equipped Quick Meal Gas Range. You cannot do this with an ordinary range.

You can cook a whole meal in the Quick Meal oven—everything—soup, vegetables, meat, dessert—and go shopping or visiting and come back hours later to find the entire meal cooked just right and ready to serve.

There's a Quick Meal Gas Range to fit your requirements and your pocketbook. Let us show you.

Quick Meal Range Prices Start at \$44.50

Here's the Latest---Cod Liver Oil in Tasteless Tablets

Greatest Flesh Builder for Skinny, Weak, Run-Down People—Full of Vitamins.

No more will weak, thin, unfortunate children cry in protest when the nasty, fishy-tasting, horrible-smelling cod liver oil is brought out.

Medical science progresses rapidly, and now you can get at your druggist's real, genuine cod liver oil in sugar-coated tablets that young and old can take with ease and pleasure.

Even the run-down and skinny grown-ups, who ought to take cod liver oil, because it really is the greatest vitamin food and builder of healthy flesh in the world, will feel extremely joyful when they read this welcome news.

Of course, doctors have been prescribing cod liver oil in tablets under

another name for several years, but it is only of late that one can walk into a drug store and get a box of these flesh-producing tablets just as easy as a bottle of cough syrup.

Thin, run-down, anaemic men, women and children who need to grow strong and take on flesh are advised to get a box of McCoy's Cod Liver Oil Compound Tablets, and if you don't gain 5 pounds in 30 days just get your money back.

One woman gained fifteen pounds in five weeks, according to her own doctor—another ten pounds in three weeks. A very sickly child, aged nine, twelve pounds in seven months, and now plays with other children and has a good appetite.

Just ask for McCoy's Cod Liver Oil Compound Tablets. White Cross Drug Co., C. S. Kelley Drug Co., Matter's of any good druggist will tell you that they are wonderful flesh and health builders. Only 40 cents for 60 tablets—and don't forget that they are wonder workers for feeble old folks.

Get McCoy's, the original and genuine, and beware of imitations.

Announcement

Marshall L. Keeler (who has been with the Smart & Final Wholesale Grocery Co. the past twelve years) has purchased the interest of the late D. L. Anderson in the D. L. Anderson Co. (Groceries and Chinaware), 205 East Fourth Street, Santa Ana, and is actively interested in the business.

It is our ambition to make this one of the finest Grocery and China stores in Orange county, and with the firm, quality basis upon which this business is founded, we foresee no reason why this cannot be accomplished. The D. L. Anderson Co. has grown with Santa Ana because it is founded on the ideals and principles of business ethics. This business is interwoven with the history of this community, and we intend that it shall grow as Santa Ana grows.

Our delivery service is free, and telephone orders, as well as personal orders, will be handled promptly and accurately.

We invite you to visit our store and inspect our large line of Chinaware, Porcelain, Glassware, Silverware, etc., as well as our up-to-date stock of Fancy and Staple Groceries. We will also carry seasonable fresh vegetables and fruits.

To the old friends and patrons of the Company, we can but ask for a continuance of your valued business, and feel confident that this store will satisfy you in the future as it has in the past.

Mr. Marshall and Mr. Curry will remain active in the business.

D. L. Anderson Co.

SHOUTS OF "MURDER!" FROM UPPER WINDOW EXPLAINED AS COMING FROM ACTORS

Mr. and Mrs. George S. Richardson, both of whom have prominent parts in the American Legion show "Within the Law", to be given at the Walker theater, Thursday and Friday nights. Mr. Richardson has the part of Inspector Burke, and Mrs. Richardson plays the role of an old employee of the Gilder department store, where much of the theme is staged.

CARS COLLIDE HEAD-ON; BOTH DRIVERS HURT

H. R. Coffin, 245 East Twenty-eighth street, Los Angeles, and E. J. Fickus, 144 Funston avenue, San Francisco, were badly hurt yesterday afternoon, three miles south of San Juan Capistrano, when their cars crashed in a head-on collision. Both were brought to Santa Ana where their injuries were dressed.

According to a report of the accident made to the city police, Coffin was following a wagon on the road and as he turned to pass it, the Fickus car came up from the opposite direction. The crash overturned both cars.

Coffin had his left arm broken near the shoulder, and Fickus suffered cuts and bruises. The latter is confined to his bed in the Santa Ana hotel.

Coffin was brought to Santa Ana by Thelma E. Witherell, 202 East Sixth street, Maywood.

Both cars were badly damaged, and were towed to garages at Capistrano for repairs.

Y.M.C.A. NOTES

Friday, March 13, is a date of keen interest to all men connected with church or Y. M. C. A. John R. Mott, general secretary of the National Council of the Y. M. C. A. in America, and one of the leading figures of the nation is to spend that day in Pasadena, conducting a conference on "Religious Work for Men." Dr. Mott will be heard in two great addresses during the day, the first being at 9:30 in the morning, and the second during the afternoon. The intervening hours will be given over to conferences on various problems connected with the religious work program of the churches and the Y. M. C. A.

A limited number of men from Orange county will be able to attend the meeting and hear Dr. Mott. Men who would like to attend are advised to communicate with their local "Y" secretary for reservations.

Dr. Mott is recognized not only in America but throughout the world as one of the greatest Christian leaders of the day.

Santa Ana Y. M. C. A. announces its first annual "gymnasium circus" for Thursday and Friday, March 26 and 27. This date has been postponed on account of conflicting appointments, but is believed that this is final. About 150 men and boys, women and girls, will put on an exhibition of athletics and gymnastics, demonstrating what has been done in the gymnasium program during the winter. Many unusual and attractive stunts will be shown, including the antics of a squad of twenty clowns. There will be drills and games and fancy stunts in ground and lofty tumbling, on the high bar, on the parallel, and otherwise. It promises to be a program of rare entertainment, as well as a demonstration of the splendid health culture done by the Y. M. C. A.

"Pioneer" clubs of the Santa Ana district will have their monthly round-up at the "Y" building on Saturday evening, March 14. A barbecue supper, with games, entertainment and instruction, will make up the evening's program. Rather more than 100 boys are expected to attend.

Fullerton Y. M. C. A. has been at work during the past week, on a financial canvass to secure the funds needed for the present year's work. Under the leadership of Secretary A. J. Raitt, excellent team work has been done in the Fullerton district, and the community has responded with good support.

TWO SHOT, ONE CRITICALLY, IN LIQUOR FIGHT

LOS ANGELES, March 10.—W. T. Jones, 33, was shot and critically wounded in a gun battle between rival bootleggers at Southgate, a suburb, early today. Carl C. Walker was captured by Deputy Sheriffs shortly after the gun battle and confessed to the shooting.

Another wounded man is believed to have been carried away by his comrades.

The battle occurred in a bootleggers' haunt on the outskirts of Los Angeles. Officers called to the scene found a 250-gallon still and a large quantity of mash, and other evidence of a bootleggers' layout.

Walker claims he shot Jones in self-defense.

Former Wife of Fatty Arbuckle Reaches Gotham

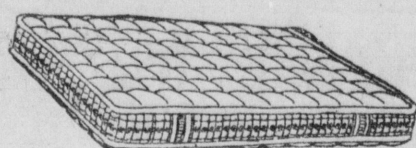

NEW YORK, March 10.—Minta Durfee, former wife of Roscoe "Fatty" Arbuckle, actor, has arrived in New York from Europe. She had been in Paris for several months, where she secured a divorce from Arbuckle. She said she would leave soon for Los Angeles.

While Miss Durfee would not comment on her divorce, passengers on the steamer said her room contained several pictures of the comedian.

What My Brother Wade

The other day Wade Weighed and he sure is gaining.

I remarked that I bet his bed rolled to the middle with him in it.

"No such thing," says he. "Don't you know anything about Premier Springs and Sealy Mattresses?"

"Sure I do," I said, "we've been selling them right along!"

"Then quit talking about beds sagging," says he.

* * * * *

That's once Wade was right.

No Delinquent List So Far,
Secretary Dye, of Com-
munity Body Says

EXPECT TWO-THIRDS
TOTAL IN BY APRIL 1

Approximately 97½ Cents
On Each Dollar Will Go
to Various Causes

Approximately 97½ cents of every dollar collected by the Santa Ana Community Chest is going to the purposes for which the funds were collected, it was announced today by Roland Dye, secretary of the organization.

The cost of the campaign to raise the fund of \$33,000 subscribed was \$700. Other expenses connected with administration of the fund will be virtually all. The chief expense will be in the employment of a collector for two or three days each quarter to collect some of the pledges.

The cost of development and administration of the chest here will compare most favorably with expenses incurred by other communities in which the chest plan has been adopted, the secretary said. He pointed out that the clerical work is being done with the First National bank without cost to the chest.

\$18,000 Paid Up
Approximately \$18,000 of the subscribed amount has been paid in cash, Dye said. "Payments are due every three months and every one so far has been prompt in payments and have made them cheerfully. There are no delinquents as yet, and we are anticipating none."

The contributors were persons who were fully appreciative of the work the chest is doing and all, no doubt, will meet their obligations in full."

The first quarterly financial statement of the chest will be made on April 1, at which time Dye expects to show a record of pretty close to two-thirds of the total subscribed amount in hand.

"The plan of operations we adopted here is functioning fine and I know of no point that I would suggest should be changed," the secretary said with a great deal of satisfaction. There has been such wholehearted co-operation on the part of representatives of the agencies in the chest and on the part of the agencies, that we feel that our work has been highly successful. The chest undoubtedly is the solution to the situation of many individual drives, providing we do not overstep ourselves and go after too much money."

Aim at Low Maximum
While it is not our policy to strangle any organization, yet we aim to keep the maximum amount to the lowest possible limit, so that whatever amount it may be necessary to have in order to finance each agency in the organization."

The officers and directors are W. H. Spurgeon jr., president; T. E. Stephenson, vice president; Dye, secretary; Alex Brownridge, treasurer; Miss Mabel McPadden, Fred Blauer, E. T. McPadden, Harry Lewis and C. D. Swanner.

The board recently has adopted an agreement which agencies joining the chest must sign. The signing agency agrees to "co-operate

MISSIONARY TO LOCAL KIN

Dr. Howard Buchanan and Mrs. Vera Buchanan, and their little daughter, who are in the Sudan, about 2000 miles from Alexandria. Dr. Buchanan is a medical missionary. A copy of an interesting letter telling of the work among the heathen has been received by Mrs. O. P. Kirby and Mrs. I. I. Stukey of Santa Ana from Mrs. Buchanan, their niece.

Woman Tells About Life In
Jungle Wilds Among
Primal Folk

Mrs. O. P. Kirby and Mrs. I. I. Stukey of Santa Ana have received a copy of a letter written by their niece, Mrs. Vera Buchanan, who is with her husband, Dr. Howard Buchanan, medical missionary located temporarily in Africa.

The following letter was written to Mrs. Buchanan's uncle Rev. Henry Todd, who is a brother of Mrs. Kirby and Mrs. Stukey. Mrs. Buchanan's parents, Rev. and Mrs. S. R. McLaughlin, of Colorado Springs, have many friends in Santa Ana:

American Mission, Nasser, Sudan, Nov. 5, 1924.
Dear Uncle Henry:
I want first of all to tell you about our trip to the Sudan. You know we were sent up here, as a loan from the Egyptian mission, to take charge of the clinic which Dr. Maxwell, who is the only American doctor in all Sudan, has gone home on furlough.

We were a party of seven, two of whom were coming back after a summer in Egypt. We left Assiut Aug. 29, and landed here Sept. 22, so you see it is no small trip, being over 1000 miles. From Assiut to Shellal is a train trip of 16 hours, then by boat to Wadi Halfa is two days, then a 30-hour train trip to Khartoum. These Northern Sudan trains are very comfortable. Our first class compartment contained two berths, running water, electric fan, armed chair and darkened window glass to break the glare of the desert sand.

We stopped in Khartoum nine days, owing to a delay in the boat. We spent one day in Omdurman, and saw the native bazaar which is especially interesting with its native baskets, carved ivory, beads, silver, etc. Khartoum is a very nice city. The British government has done much to keep it clean and the buildings are nice.

We left Khartoum on the S. S. "Omdurman" which was a very nice boat and started our eleven day trip up the White Nile and Sobat rivers. As we were the

(Continued on page 9)

ATTRIBUTES OF
GOOD CITIZENS
ARE DESCRIBED

To disagree with the policies of the government is the privilege of every citizen but to attack the government and attempt to undermine its laws is treason."

With that declaration, C. N. Mozley, chief deputy district attorney, voiced his opinion of the attributes of American citizenship before the Santa Ana high school Hi-Y club last night in the banquet room of the Y. M. C. A. building.

Mozley told of the struggles of the founders of America in devising the "best type of government known to the world."

"The true American citizen must take an interest in public affairs. There are too many people who sit down and wait for benefits to come to them," he said.

"Many problems will confront you when you come to take over the mantle of control," Mozley told the students. "In our government today there are anarchists who seek to undermine the established forms of government."

"Another problem is represented by the bootleggers who violate the laws of the country. It will rest with you future voters to complete the elimination of the whiskey curse from the country."

MUSICIANS TO
BE HEARD IN
S. A. CONCERT

Symphony Orchestra Expected to Draw Many to H. S. Auditorium

BY ELEANOR YOUNG ELLIOTT.
One of the city's most popular soloists, Mrs. F. W. Slabaugh, will aid in making tomorrow night's Symphony Orchestra concert at the high school auditorium, a success, for Mrs. Slabaugh has consented to sing two numbers to orchestra accompaniment.

The program of the recital which will begin at 8:15 o'clock and for which tickets are now available at the Santa Ana book store, is as follows:

"Prelude in C Minor," Rachmaninoff; selection from "Rigoletto," Verdi; cello solo, "Berceuse" from "Jocelyn," by Godard; vocal solo, "My Heart at Thy Sweet Voice" from "Samson and Delilah" by Saint-Saens; Mrs. Slabaugh; harp solo by Miss Catherine Jackson; Valze de Concerto, "Dolores," Waldteufel; Selection from "Lohengrin," Wagner; "The Dawn," Love, Bendix; aria, "My Heart is Weary" from the opera "Nedda," by Thomas, Mrs. Slabaugh; "Overture from the Merry Wives of Windsor," Nicolai.

Mrs. Slabaugh is too well-known as an artist to need much introduction to Santa Ana audiences. Miss Catherine Jackson, the harpiste and a guest soloist, is also a favorite here and has appeared on many programs. Of the individual members of the orchestra, most of them are very young people, indeed, many still in high school, but all are capable and talented musicians who give freely of their time and ability in order to give the city such an organization as the Santa Ana Symphony orchestra.

Miss Frances Van Nest for instance, is but eighteen years old, yet is master of piano, cello, violin and piccolo and has played with the orchestra since its organization. Her training began in her home town of Larned, Kan., and has continued under local teachers including S. J. Mustol and Miss Lalla Fagge.

Horace Fraser, a native Buckeye, began his musical studies with piano lessons, then took up the cornet and started in Santa Ana by playing in the symphony orchestra work back in Illinois. He is with both Symphony orchestra and Municipal band in this city, and is first cornetist in the latter. He is a pupil of D. C. Cianfoni, director of the two organizations and is a youth of 19 years of age.

Miss Bessie Nell Yocum, an 18-year-old maid, began piano lessons at the age of nine in Kansas City. She continued her musical studies here and after coming to Santa Ana by plane and staying in the hotel, she has been studying for the past two years with Walter H. O'Garra, Miss Georgia Belle Walton, Santa Ana's well-known child violinist, is now 15 years old. Her violin training began under Prof. Andrist of Tulsa, and has continued under Oliver E. Low Matthews and Elwood Bear. She is in great demand for entertainment and has played a prominent part in school orchestras.

16-Year-Old Girl Is Member
Another of Ollime Enlow Matthews' pupils is Merrill Bauer who began at the age of nine to study violin. His brilliancy has resulted in a membership in the Symphony orchestra at the age of 12 years.

Sixteen-year-old Marian Young now in Santa Ana high school, is an exceptionally talented violinist whose training has been under Lalla Fagge, and since the latter's departure for Europe, Madame Lizzetta Kalova who took many of Miss Fagge's classes.

A youthful matron who is prominent in the organization is Mrs. Elmer Heidt, formerly Miss Velma Elmer whose conservatory training in violin was gained at Oberlin and also under Lorraine Bauman of Strassburger conservatory, with one year at the New England Conservatory of Music.

Mrs. Heidt plays with rare technique and expression and is a decided acquisition to the organization. Jerome Bauer began his violin studies under Prof. Andrist and has continued under Miss Fagge and now with Mrs. Matthews. He has been a member ever since the orchestra was formed.

A member of both high school and Symphony orchestras, fifteen-year-old George Schiff started his violin lessons at the age of 10. He is a pupil of Mrs. Matthews under whom his musical education is progressing splendidly.

A wider musical experience has been that of George E. Furtich, one of the adult members of the organization whose experience and ability aids in maintaining a balance. Mr. Furtich is a native New Yorker who studied music under Bandmaster Kluzak, retired 7th Mounted Cavalry Regimental band of the U. S. A. and later played his flat bass horn under C. A. Skelcher, soloist with Henry's Minstrels and one of the best known directors in northern Michigan.

On the western coast, Furtich has played with the San Diego Y. M. C. A. band and later with the San Diego Marine band and the Symphony orchestra of the southern city. He has been a member of both Santa Ana Symphony orchestra and Municipal band ever since their organization.

Combs & Rust, 211 Spurgeon Bldg., will buy your Stocks and Bonds.

VOCAL SOLOIST

Mrs. F. W. Slabaugh, guest artist who will sing tomorrow night with the Santa Ana Symphony orchestra at its final recital of the Music Drama entertainment course.

THIRD SHIFT
IS ADDED AT
ULMER PLANT

Due to increased business, the Ulmer Machinery corporation has placed another eight hour shift at the plant, making three in all, it was announced today by Earl Martin, secretary and engineer of the firm.

The company now has 50 men engaged in the production of turbine pumps. Later on it is planned to add others to the force.

New automatic machinery which is arriving from the east will enable the firm to speed up its production, Martin says. The present output is two pumps every three days.

Martin returned yesterday from a business trip to Yuma. He reports that business conditions there are in excellent condition and that his company expects to do a large business in that territory.

"Reports coming to the company indicate that business everywhere is in fine shape," says Martin. Orders for our pumps are coming from all parts of the country."

The Ulmer company expects to go after the Mexican trade within a short time, Martin declared.

Girl Who Wanted To Be 'Boy' Made To Wear Skirts
Louise Lamar, 22, the girl who wanted to be a "boy," has been made to don skirts again. Miss Lamar was arrested here a few days ago, dressed in masculine attire and with her hair cut short like a man. She was in the company of a man who gave his name to police as Edgar Lamar and claimed he was her brother.

Both were given 30 day terms on vagrancy charges by Justice Kenneth E. Morrison.

Mrs. Sam Jernigan, matron at the jail, has supplied the girl with a complete outfit of feminine apparel from the jail store.

COMMITTEE TO ENTERTAIN
YORBA LINDA, March 10.—The social committee of the Yorba Linda Woman's club will entertain at the clubhouse Saturday afternoon, March 14, with a garden party, for club members and their friends. This will be the first of a series of garden parties to be given by the committee during the spring and summer months. Members of the floral and grounds committees of the club will act as assistant hostesses.

STAR TO GIVE DANCE
HUNTINGTON BEACH, March 10.—Plans were completed here today by Mrs. Minnie Pille, chairman of the special committee of the Eastern Star, which is in charge of the dance to be given at the Odd Fellows hall Wednesday evening by that organization. The dance will follow immediately after a short business meeting of the lodge and will open to friends and relatives of the members of the Eastern Star.

C. S. Browne, general agent of the Union Pacific system, Santa Ana, today announced a reduction in the all year tourist rates to eastern destinations, effective April 1. These tickets are on sale daily the year round, with a final return limit of nine months from date of sale, with stopovers allowed both going and returning.

The new rates to Denver, Colorado Springs and Pueblo will be \$90, to Dallas, Tex., \$105.30; to Ft. Worth, Tex., \$103.30; Hot Springs, Ark., \$129.62; Galveston, Tex., \$122.12; Oklahoma City, Okla., \$107.72; San Antonio, Tex., \$109.98. Round trip fares to destinations further east are correspondingly low with the same regulations as to dates of sale, return limit, stopovers, etc., Browne said.

These rates are in addition to the low summer rates on sale May 22 to September 15, with return limit of October 31. The summer rate are lower than those quoted for the all-year tourists.

LEGION'S FLAG
SCHEME PROVES
POPULAR HERE

90 Per Cent of Merchants on West Fourth Adopt Uniform Decorations

More than 90 per cent of the business houses on West Fourth street, from Main street to Ross street, have adopted the Santa Ana American Legion post's idea as to conformity in the patriotic decoration of the city on holidays, and have purchased flags from the post, according to announcement by H. M. Seerest, chairman of the flag committee.

Salesmen for the legion are "working" the city again today and expect to sell the remainder of the flags needed for uniformity this week, he said.

More than 250 flags have already been sold in the business district of Santa Ana, which is approximately three-fourths of the amount expected to be sold in a city this size. East Fourth street has not been solicited as steadily as the west side of the street, and as good or even better cooperation with the plan is expected, when members of the committee call on merchants on the east side.

The new flags, made of the best material will adorn Santa Ana's streets on holidays. The flags will be taken down and stored by members of the Legion each time, and will be installed without any trouble to the merchant.

Workmen have been busy for the past few days installing the brass sockets in the pavement for the flag poles. All sockets have been installed on West Fourth street, Seerest said, and the work of completing the sale of flags for the city will be pushed to completion.

FINE PROGRAM FOR
COLLEGE STUDENTS

Students of the Santa Ana junior college are to hear an address by H. E. Wahlberg, president of the Lions club, in assembly hall of the college, at 1:15 o'clock, it was announced today.

Miss Lizzetta Phillips, high school student, will fill a number of xylophone selections. The junior college boys' glee club is slated to sing.

Miss Martha Featherly will give a vocal solo, accompanied by Miss Louise Mansfield, head of the music department at the school. The arrangements for the entertainment are in the hands of Newton Pierce.

PASADENA MAN TO
ADDRESS SCHOOL

Albion Walton, physical director in Pasadena high school, will address the student assembly at the Santa Ana Polytechnic high school Thursday at 9:40 o'clock. Edward Hummel, has charge of the assembly program. The subject of the talk will be along the lines of good health.

Selections by the boys' and girls' Glee clubs, directed by Miss Louise Mansfield, head of the music department of the high school, are on the program.

NOTED DANSEUSE IS
BOOKED FOR POMONA

The outstanding number of the second season of the Pomona Philharmonic course, sponsored by the women of the Ebell club of Pomona, will be the appearance of Anna Pavlova, accompanied by her ballet russe at the Pomona high school auditorium on March 14, at 8:30 p. m. Her famous "Swan Dance" will be one of the features of the program.

Mail orders are being filled every day in addition to the regular season-ticket holders.

Announce Cut In
All Year Rates

Because of his familiarity with traffic problems and shipping conditions, A. L. Oliger, executive secretary of the Santa Ana chamber of commerce, has been asked to serve on the Los Angeles chamber of commerce committee of the Regional Advisory Board. It was learned today at the chamber offices.

This advisory board has formed to secure the best railroad service available to and from California, it was stated.

Having been connected for a number of years with Topeka chamber of commerce, where he was in close touch with questions affecting railroad transportation, Oliger is well versed in traffic and transportation problems.

Reduce! Don't be fat. No effort. So easy. Marcella Phillips, 208 mirrors, 520 W. 4th St. Phone 981. Medical Bldg. Phone 1732-J.

CHAMBER CHIEF

STANLEY A. CLEM

Clem has been elected president of the Santa Ana Junior Chamber of Commerce in recognition of his untiring efforts in behalf of that enterprising community body. He served last year as first vice president.

'GIRL BANDIT'
WEAVES LOVE
NOTE IN COURT

Cupid is a strange little scamp. He stands not upon ceremony. He works in curious fashion and amid strange surroundings. Crime, courts and jails fail to daunt him. Love weaves strange romances, sad and sweet, some of them.

"Jack, I still love you."

This was the message which Virginia Hymer, 22-year-old "flapper bandit" of Los Angeles worked out in court at Anaheim yesterday afternoon while Jack Lee, 23, was being arraigned with two companions, W. E. Neuteboom, alias Jack Cranmer, 21, and Roy Lane, 18, on charges of assault with intent to commit robbery.

The girl was evidently too much pre-occupied with her task to realize the predicament in which she has been placed by being in the company of the trio when they held up a stage on the highway early Saturday morning.

Works Note in Thread
She was anxious to let Jack Lee know that her affections had not waned. The message was worked in thread on a piece of tissue paper. It was symbolic of the romance that had interwoven through a rather sordid story.

The court proceedings yesterday were the second since the quartet was arrested by Anaheim police officers. The first arraignment, held Saturday, after their arrest while in the act of holding up the driver of a Motor Transit stage, was on a charge of robbery.

J. R. Mayer, Santa Ana banker. The robbery of the banker had occurred shortly before they stopped the stage, and threatened to kill the driver when he refused to aid them in starting their car, which they later admitted they had stolen from Los Angeles.

Virginia Hymer was accompanied by her uncle, who refused to disclose his name and who declared that Virginia did not live at his home on West Ninety-second street in Los Angeles, but resided on Wall street near Fifth. The uncle declared that Virginia had been married recently, but had deserted her husband.

Waives Hearing
Neuteboom admitted that he was preliminary hearing which had been set for Thursday and asked for an information to be filed in superior court to which he will be held to answer. The others, including the girl, will be given a preliminary hearing on Thursday.

Neuteboom admitted that he was wanted in Utah on a robbery charge and for forgery of checks. He had previously confessed that he was a parole violator from that state.

Jack Lee, when asked to explain the meaning of the initials, E.L.P., which are stamped on his arm, declared that they were the initials of a boxer runner who he served on the Maine coast. Officials are inclined to believe, however, that the letters represent his own name.

NAME OLIGER ON
L. A. COMMITTEE

Because of his familiarity with traffic problems and shipping conditions, A. L. Oliger, executive secretary of the Santa Ana chamber of commerce, has been asked to serve on the Los Angeles chamber of commerce committee of the Regional Advisory Board. It was learned today at the chamber offices.

This advisory board has formed to secure the best railroad service available to and from California, it was stated.

Having been connected for a number of years with Topeka chamber of commerce, where he was in close touch with questions affecting railroad transportation, Oliger is well versed in traffic and transportation problems.

CLEM ELECTED
AS PRESIDENT
OF SANTA ANA
JUNIOR C. C.

William Iverson First Vice President, Sundquist Is Second Vice-President

WILL HONOR OFFICERS
AT DANCE MARCH 23

Fine Program Signalizes
Annual Meeting of Body
at Santa Ana Cafe

Stanley A. Clem, first vice-president of the Junior Chamber of Commerce, was elected president of that organization at the annual election meeting held at Ketter's cafe last night.

Other officers named were: first vice-president, William Iverson; second vice-president, E. M. (Sunny) Sundquist; treasurer, Dean Collier; secretary, Bruce Switzer. These officers, together with three men from the Senior Chamber of Commerce, yet unnamed, and the following, will constitute the board of directors: George (Scop) Scovel, Jesse Elliott, Lin Crawford, Fred Forgy, Ed Holmes, Ernest Winbiger and W. Floyd Crodly.

Active Worker
Clem has been one of the most active workers in the organization. He is sales manager and vice-president of the Santa Ana Lumber company. He is married and lives at 1611 North Baker street. He is secretary-treasurer of the Orange County Lumbermen's club and is a member of the Exchange and Silver Cord lodge of Masons. He came to Santa Ana four years ago from southern Illinois.

The officers and directors who have held office during the past year are as follows: President, Lin Crawford; first vice-president, Stanley A. Clem; second vice-president, Flake Smith; treasurer, Lynn Hart; secretary, Bruce Switzer; directors, Ed Holmes, E. M. Sundquist, Jesse Elliott, Ernest Winbiger, Charles Kendall, Dr. J. L. Wehrly, Stanley Goode, Dr. Charles Doty.

Dance March 23
A dance in honor of the new officers and directors will be held at St. Ann's Inn March 23. The retiring board, with Jessie Elliott as chairman, will constitute the committee in charge.

Short talks were made by Dr. R. M. Fortier, George Scovel, Jack C. Wallace, E. M. Sundquist, Ed Holmes and Jessie Elliott.

Crawford expressed his appreciation for the loyal support of the membership during his term of office and predicted a wonderful future for the organization.

A delightful program of entertainment was rendered at the meeting. The first artist was two selections. She was accompanied by Miss Dorothy Hurd at the piano. Tracy Richardson rendered numbers on his musical saw. He was accompanied by the piano by Mrs. Richardson, Earl Barr, accompanied by E. M. Sundquist, sang two numbers.

The committee in charge of last night's entertainment consisted of Ogden Markel, chairman; C. W. Brown, Charles D. Swanner, Riley Huber and Howard A. Barrows.

A. L. Oliger, secretary of the Senior Chamber of Commerce, announced that members who desire to see the Mission play at special rates March 18 may secure tickets at the chamber office.

PRESENT DAY CROOKS BRAINY ENRIGHT SAYS

NEW YORK, March 9. — "The crook of today uses his head to save his heels. His job takes more gray matter than shoe leather. He is better dressed, better equipped and more intelligent than he has ever been," according to Richard E. Enright, New York police commissioner.

"He has systematized banditry until it is operated in the efficient manner of a legitimate business corporation."

"Big hold-ups that involve thousands of dollars worth of jewels or bank notes are not undertaken in the casual manner of the old highwayman who held up his victims as they passed by and took potluck, as it were, sometimes making a worth-while haul and sometimes being stung, but taking the same risk for both."

Jobs today are done on paper first. Drafts, plans, surveys and data that would do credit to a large industrial enterprise are collected before the actual "touch" is made.

"Know your man — or woman first" has become the slogan of the hold-up man, the commissioner says. "Know his social and business connections. Follow him in the social columns as well as in the financial pages. Know where he spends his leisure time, where he plays golf, what supper clubs he frequents, what crowd he travels with and if there is any scandal or gossip attached to his name."

"To get this information some crooks become butlers, chauffeurs or clerks. Others play the part of the man about town and even meet their victims socially before they become commercial and grab the roll."

"The important thing is to get the information first hand."

One qualification for the modern bandit is that he mustn't look the part. He must dress in clothes as good as his victims so as to avoid all suspicion. He must know how to operate a good automobile—his best bet for a quick getaway, and must have an assortment of number plates to change on a moment's notice.

Three exceptionally clever girls comprise the Victoria Trio which comes to the Yost theater tonight as one of the features of a five-act Junior Orpheum vaudeville program. The feature of the act is unquestionably Miss Margaret Mantell, who claims the right to be called America's foremost imitator. Miss Mantell's imitations are about the most perfect that could be imagined.

Alfred Time has called his vaudeville offering "The Limit on Wheels," and it is all of that and more, for Time and his pretty assistant exceed the limits of daring with their spectacular feats on the unicycle. It is not as much of a riding act as it is a jumping act for Time makes his wooden cycle mount stairs, hurdle over obstacles, and do other daring feats of skill.

Harry Berry and Miss in a delightful comedy novelty called "A Vodvil Encyclopedia" will introduce some new ideas in vaudeville. Harry has a whole bag-full of comedy stunts, which admits having learned in college, and a lot of college humor and songs to go with it.

"The Spirit of Buddha" is a most extraordinary presentation. As one might guess it is made up of a series of most mystifying illusions but interwoven during the sixteen minutes, which is the playing time of the act, the audience will be entertained by "Jovita," a marvelous dancer and Helen Martell, an excellent entertainer.

Singing, modeling, comedy chatter and contortion work all have their respective importance in the program of A. Martini, one of vaudeville's cleverest and most versatile performers.

"THE DEVIL'S CARGO" IS FULL OF THRILLS

You wouldn't believe it possible to pile so many punch scenes into a picture as are found in "The Devil's Cargo," which is the feature at the West End theater all this week.

The story, an adaptation of "The River Boat" by Charles Whitaker, is a fine love melodrama of California in 1850. It opens in the old gold town of Sacramento.

Victor Fleming, the director (he made "Code of the Sea," "Empty Hands" and others), took his cast and crew of more than two-hundred women down to the Sacramento river for a month's stay. Here they built a replica of the old pioneer town and relived the lives of its people.

"The Devil's Cargo" is an accurate, graphic picture of the thrill-filled days of the dim and distant past—of the days of the great open spaces where men were men. And there's one particularly hateful character in the picture—Wallace Beery—he of "Robin Hood" and "The Sea Hawk".

Beery, it is claimed, has the finest role of his career as the big brute stoker of the river boat, on which the vigilantes, a band of law-abiding citizens of Sacramento, deport the town's undesirables.

In the picture you see one of the greatest free-for-alls of your life between Beery and William Collier Jr. Both are featured in the production with Pauline Starke and Claire Adams. Raymond Hatton, Dale Fuller, George Cooper and Emmett King appear in the supporting cast.

notice to keep the police off his track.

In weapons he must have the latest model revolver—the sandbag, knife and bludgeon being completely out of the modern picture.

"Yet with all this modern equipment, new clothes and new methods of approach," continued the commissioner "he still isn't smart enough to realize that the odds are against him and that he'll lose in the end."

"And though the modern bandit is harder to catch than the confirmed criminal type who looks the part—invariably he lets slip the clue that finally trips him for all his elaborate plans."

Crimes follow definite cycles. There are always sensational murders, Baby Borgias and freak crimes enough, but the good steady business in underworld life is the hold-up. This particular branch of crime attracts the smartest gangsters and requires the greatest skill in handling on the part of the police.

Crimes follow definite cycles. There are always sensational murders, Baby Borgias and freak crimes enough, but the good steady business in underworld life is the hold-up. This particular branch of crime attracts the smartest gangsters and requires the greatest skill in handling on the part of the police.

Radio Supplies at Hawley's.

Edmund Lowe who has leading role in "The Brass Bowl," picture showing at the Yost theater tonight and tomorrow.

"THE TURMOIL" IS FILM OF GREAT HUMANNESS.

There are some plays that depend on mystery for their appeal; some on dramatic action or surprise climaxes; some purely on thrills and excitement, but after all, the greatest appeal in a play is in humaneness. This is well exemplified in "The Turmoil," pictureization of Booth Tarkington's famous novel, closing tonight at Walker's theater.

The play has all qualities, one laughs with its characters, one weeps with them; its smashing dramatic episodes thrill; but over all these things, the play is great because it is life itself. Booth Tarkington, perhaps better than any other author, knows how to get real human beings into his stories.

It is a powerful story, the tale of a self-made millionaire, imperious, ruthless and indomitable. The son, a temperamental youth who struggles to break to his will.

The cast is exceptional. George Hackathorne plays the dreamy "Bibbs," Eileen Percy plays Sybil, the daughter-in-law. Pauline Garon is a perfect blonde flapper.

There are other notable figures in the cast, too. Emmett Corrigan dominates the story in places, as the capitalist. Though it all one feels the appealing beauty of Eleanor Boardman, who is loved by two of the sons.

"THE BRASS BOWL" AT YOST TONIGHT.

Feminine hearts will be set a flutter again by Edmund Lowe, the newest screen star to score a veritable triumph. Lowe will be seen in the second of his new series of starring pictures under the banner of William Fox at the Yost theater beginning tonight. It is none other than "The Brass Bowl," an adaptation of Louis Joseph Vance's great novel, which Thomas Dixon Jr. has converted into what is heralded as one of the most diverting screen productions of the season.

Lowe already has demonstrated a marked ability for delighting the members of the gentler sex with his graceful heroics in photodramatic situations and he seems on the high road to something akin to premiership among male stars of the day.

In "The Brass Bowl" he has especially brilliant support. Claire Adams is said to ingratiate herself as the leading lady while J. Farrell MacDonald, Leo White, Fred Butler and Jack Duffy all give excellent performances in the various supporting roles.

POLY C'S FACE GROSSMONT TOMORROW

Irvine To Meet Salt Lake Bees Next Sunday

SIX REGULARS TO ACCOMPANY ROOKIES HERE

Orange County Champs Get Tough Assignment; Beat Seattle Band Last Year

A rookie-regular coterie of Salt Lake, Pacific Coast league players, will furnish next Sunday's opposition to the Irvine Bees, baseball champions of Orange county.

The Bees had a game scheduled for that day with the fast Shell Oil team but Vitti promised to split his squad of 30 players and ship his rookies, bolstered by six regulars, to Irvine park.

The regulars who will be seen in action at the cross-roads are: Johnny Kerr, shortstop, who is slated to hold down that position for the Mormons this season. Kerr was with the Albany, Eastern league club last season.

Coumbe to Come Fred Coumbe, outfielder-pitcher, who was with the Bees all last year.

Les Cook, veteran catcher. Joe Connolly, an experienced outfielder who may earn a first string position this summer.

zElmer Reiger, well-known veteran pitcher.

Phil Mulcahy, star right hand pitcher.

Cook, a Bee regular, probably will pilot the team as Vitti undoubtedly will stay at Long Beach and watch his regulars, now beginning to get into real condition, parade their wares.

The Bee pitching probably will be done by Mulcahy and Reiger.

although Coumbe who was shifted to his hitting ability, may take a whirl in the box. A youngster, however, probably will be shunted along to help Reiger and Mulcahy with the chugging toil.

Irvine to Stand Pat Against this formidable array, Irvine will send the same line-up that last Sunday turned back the Harbor league All-Stars and clinched the county baseball title.

Either "Dutch" Hinrichs, the Irvine come-through kid, or Archie Hawkins, the speedball twirler, will ascend the turret. Buster Callan will catch with Earl Irig at first, Jack Pendleton at second, Ralph Mitchell at third and Joe Huarte at short. Neal Roney, Johnny Norek and Johnny Arambel will see outfield duty.

Irvine officials also announce their acceptance of the challenge recently hurled for a two-out-of-three series by the Van Dien Young company of Santa Ana. The local men intend to strengthen their club considerably before they tackle the champions.

Roper and Smith Top Vernon Card

LOS ANGELES, March 10.—Heavyweights feature the boxing program at Doyle's Vernon coliseum tonight.

The main event brackets Capt. Roper and Ralph Smith, California aspirant for Jack Dempsey's title, in a 10-round bout.

Roper will be outwitted, as Smith weighs 226 in fighting trim. The captain's last fight was an uninteresting draw against Floyd Johnson, in Oakland.

Announce Junior League Schedule

This week's Junior league schedule for the Broadway academy was announced today as follows: Tuesday—Santa Ana Soda works vs. Robertson's Radiolans; Wednesday—Mater Drug company vs. Auto club of Southern California; Thursday—Costa Mesa vs. Fluor Co-Workers; Friday—Chandler Furniture company vs. Fluor Construction company.

Hood, M'Auley To Sign With Angels

LOS ANGELES, March 10.—Salary disputes which have kept Wally Hood and Jimmy McCauley on the Los Angeles club roster of holdouts will be patched up before the week is over, it appeared today. Both men are feeling the urge of the playing field and are regular visitors at the Angels' training quarters.

Ritola Shatters 4000 Yard Record

MILWAUKEE, Wis., March 10.—Willie Ritola, the lightning Finn, made ancient history of two world's records when he ripped 13.2 seconds off the old 4,000 yard mark and 4.35 seconds off the 2.2 miles event in the Journal games here last night.

TIGER FIRST SACKER TO HAVE KEEN COMPETITION FOR BERTH

LU BLUE Ty Cobb's Detroit Tigers will be strongest this year where they were weakest last season. Lu Blue, regular first sacker, was out of the game with injuries much of last summer. Now he is in good Neun, a fence-buster who has been farmed out by the Tigers for the past two years.

Bear Basketers Off for Oregon To Meet Aggies

SAN FRANCISCO, March 10.—The University of California varsity basketball team will leave for the north tonight for the first play-off game with Oregon Aggies for the conference championship, minus the services of Fred Holmes, star forward.

Holmes was stricken with influenza yesterday.

The conference title will be decided in a three game series between California, winner of the southern division championship, and Oregon Aggies, who last night beat Oregon 27 to 26 for the title.

California has been conference champion for three years.

CHARLIE PADDOCK, MURCHISON TO RUN

LOS ANGELES, March 10.—As a farewell gesture before starting their world tour, Charlie Paddock and Loren Murchison, sprinters extraordinary, are willing to compete in a relay event here Saturday.

Appearance of the two stars depends upon whether officials managing the University of Southern California—Pomona track meet desire to manage the event.

According to the plan of Paddock, he and Murchison will be joined by Eddie Pollock and Bill Mapes to form a relay team which will race against any other four men pitted against them.

U. S. C. athletic officials said that the bid would be accepted.

Paddock and Murchison leave Sunday for San Francisco, to sail next week on their exhibition tour. They will be accompanied part of the way by Howard Kinsey and Harvey Snodgrass, who are about to undertake a tennis invasion of the Orient.

Ritola Shatters 4000 Yard Record

MILWAUKEE, Wis., March 10.—Willie Ritola, the lightning Finn, made ancient history of two world's records when he ripped 13.2 seconds off the old 4,000 yard mark and 4.35 seconds off the 2.2 miles event in the Journal games here last night.

DEMPESEY BOUT STATUS UP TO FISTIC BOARD

New York Commission Must Act In Matchmaker Role Or 'Pass Buck' Again

By HENRY L. FARRELL (United Press Staff Correspondent)

NEW YORK, March 10.—Another move in the popular pastime of passing the buck probably will be made today at the regular meeting of the New York Boxing commission.

After passing the buck to Jack Dempsey and having it passed right back, the commission was looking for another receiver.

Last week the commission virtually ordered a Dempsey-Wills fight for the world's heavyweight championship.

In sending the challenges of Wills and Tom Gibbons to the champion with orders to take 'em or leave 'em in 24 hours, the commission let it be known that its wishes were for an acceptance of the Wills challenge.

Dempsey replied that he had accepted the challenge long years ago and that it still held good. Dempsey also asked the commission to put up the money, find the place and guarantee against interference and he would fight.

Now has a Dempsey-Wills fight on its hands and doesn't know exactly what should be done with it. It is quite certain that it cannot be tossed into the waste basket a la Muldoon if the commission is to retain its prestige.

While the reply of Dempsey will be placed on the table officially, it is possible that it may remain there for a week or more. Jack Kearns, Dempsey's manager, is to be here next week and the commission may to hold up further action and talk it over with him, or it may take Dempsey to task for his impudence in asking the commission to turn into a promotion syndicate.

Lloyd Hahn Sets New World Record

NEW YORK, March 10.—Lloyd Hahn, Boston A. A. middle distance runner, lowered another of Paavo Nurmi's records by turning in a mark of 3:03.25 for a three-quarter mile run in the Manhattan college games. The Finn's mark was 3:03.45.

SENATORS LEAVE TAMPA

TAMPA, Fla.—The Washington Senators leave tonight to begin their series with the Giants tomorrow. Thirteen games will be played.

THE 13th HOLE

Cyril Tolley's Crushing Experience Shows the Jinx Works Fiendishly on the Other Side, Too

No golfer ever played the thirteenth hole at La Baulie, France, better than Cyril Tolley did on six consecutive rounds last summer in the French amateur championship. Nothing jinx-like crossed his path until the seventh trip down the 360-yard hole.

The great English slugger's miraculous shooting had enabled him to snare six birdies in a row—six threes, one after another, on the most difficult pitch and drive hole on the course.

This was but a sample of the golf Tolley was displaying against his opponents at match play. Then along came Johnny Anderson, the New Yorker, in the finals.

John, meanwhile, had been doing some rare shooting of his own accord. He hadn't lost a hole against an opponent. Four men he had played, 43 holes all told, and Tolley, the fifth, finally broke the magic spell at the seventh hole in the morning round.

The fight was hard and the two ended the first 18 at lunch even up. They were still even

John Arambel Ordered to Report April 14

Johnny Arambel, Irvine outfielder who recently signed with Cedar Rapids, of the Mississippi Valley league, will report to his club at Peoria, Ill., on April 14, according to word received here today by George Lackey, scout for Cedar Rapids, who got Arambel his contract.

Arambel, an employee of the Southern California Edison company, will leave Santa Ana for Peoria April 14.

Vic Ruedy and "Dony" Bush of Anaheim also are preparing to leave soon for another season in minor league baseball. Ruedy will play with Danville in the Three I league and Bush will cavort in the Texas association with the Temple, Texas, club.

The Referee

Golf ball is buried in bank of water hazard about two feet from water. Can player lift and drop with stroke penalty?—F. F. N.

Yes. The bank is considered part of the water hazard.

What were the totals of the players who made the most home runs during the season of 1923 in the American and National leagues?—G. J. L.

Babe Ruth in the American and Cy Williams in the National were tied at 41.

Is there any set scale for the salary paid major league umpires? A bets they get so much per game. B insists there is a set sum paid all the umpires for the season. Who is right?—PAN.

Neither. The umpires are paid in accordance with the valuation placed on them by their league presidents. The average salary for an umpire breaking into the majors is about \$4000.

BOWLING

REGISTER QUINTETTE STOPS RUSH OF K. C. FIVE

Masson Youth league-leading Register bowlers halted the onward rush of the Knights of Columbus, 3 to 1, in last night's Winter loop series at the Broadway academy. Youth, with a game of 232 and a series of 558 showed his team-mates the way. The scores:

CO-ED HOCKEY OUTFITS MAY BATTLE AGAIN

Anaheim to Challenge S. A. After Three Tie Games, Report; Baseball Begun

Still confident they can take the measure of the strong Santa Ana high school aggregation although the last three contests terminated in tie scores, Anaheim high school girls hockey players may broadcast a challenge for a fourth and deciding encounter into the camp of Coach Alverda West's team, it was learned here today.

Miss West's "eleven" closed its season last week after defeating Riverside, 3 to 0 and the local co-eds have turned their attention to the indoor baseball season which is scheduled to get under way within the next few days. Whether the challenge, if it is made at all, would be looked on favorably here was doubtful in local athletic circles.

The Poly girls have been playing hockey since early this winter and never lost a game during that time although the Mother Colony squad did give them three hair-raising battles. Santa Ana won a game from their rivals early in the season.

Anaheim's desire for a fourth match "probably is warranted," it was felt, because in all of the three last games the locals gamely rallied with the score against them and turned seeming defeats into ties. Closer and better guarding, Anaheim adherents declared, would have enabled their team to have retained their slim margin of advantage.

Last week, Anaheim played Riverside, the same team that Poly defeated, 3 to 0, and won, 1 to 0. Miss Irene Jacques, a former Santa Ana who is director of girls' athletics at the Mother Colony school, used a large number of substitutes during this battle. Riverside and Anaheim are to play a return engagement at Anaheim this week.

Woman Golf Queen Winner of Florida Title Third Time

GLENNA COLLETT Miss Collett added to her golfing laurels by winning the Florida title the other day, beating Miss Edith Cummings of Chicago in the finals. Both are former national champions. Through her victory, Miss Collett gets permanent possession of the handsomely gold, cup, having completed the honors for the third time.

A YEAR AGO TODAY

MARCH 10, 1924 Settling down after a poor start, Cy Williams pitched Irvine to a 5 to 4 victory over the Seattle club of the Pacific Coast league at Irvine yesterday. Neal Roney's hit in the ninth inning broke up the game. Killefer and Dell were the only Seattle regulars in the game.

The Santa Ana high school Class C (110-pound) basketball team will meet Downey in the semi-finals for the Southern California championship tomorrow.

The Pomona freshmen track team defeated Santa Ana high school, 63 to 49. Paul, Dungan, Vawter, Lutz and Morris won first places for the locals.

Electronic Treatment Parlors (the Abrams method), Commercial building, Sixth and Main streets, Santa Ana, Calif. Phone 1292W.

Deny Nurmi Will Not Run In L. A.

LOS ANGELES, March 10.—Reports that Paavo Nurmi would pass up his Los Angeles engagement on April 25 were denied today by President Chad Calhoun of the local Rainbow division, who said that the Finnish marvel would positively appear in action here in a special mile event. A meeting is to be held tomorrow night to complete arrangements for the star middle-distance runner's first western appearance.

News From Orange County

HOSPITAL GETS BOOZE VICTIM OF DANCE HALL

ANAHEIM, March 10.—Fines for violation of the Wright act were paid yesterday by Raymond Phillips and Robert Flint, two local youths, when they appeared before Judge Charles Kuchel yesterday, following their arrest on Saturday evening in a dance hall here.

Flint, according to police, was carried to the police station from the dance hall and a physician summoned to give him medical treatment. His condition grew worse, however, and he was taken to the hospital, suffering from poison caused from drinking booze. He had recovered sufficiently to be released from the hospital yesterday, however, and paid a fine of \$50. Phillips was fined \$50 for transportation of liquor.

Needs Friend With \$25
B. Neri, of East Adele street, was in the local jail today, while friends were endeavoring to raise \$25 with which to pay his fine on a charge of being under the influence of intoxicating liquor.

This amount was assessed yesterday when Neri, together with a companion, Jesus Rallard, appeared before Judge Charles Kuchel. They were arrested on the previous evening and held in jail until yesterday morning. Rallard secured the money with which to pay his fine and was released.

Escort Hoboes from Town
Three vagrants enjoyed the hospitality of the Anaheim jail Sunday night, in accordance with the ruling of the police that all transients and hoboes should be allowed to sleep in the jail. This action was taken in an effort to eliminate the hobo camps which have been formed near the railroad tracks here. The vagrants were escorted to the city limits yesterday morning and told to continue their journey.

Woman Strikes Husband on Head With Frying Pan

ANAHEIM, March 10.—Being "crowned" with a frying pan and receiving two broken fingers only marked the beginning of trouble for Lee Wirt, 30, a Mexican, who yesterday called on his wife at their home, 126 North Palm street, after he had left the house several days ago, following an argument and announcement that they would call it "quits."

His wife appeared very much in favor of his quitting and would tolerate no further arguments on the subject, he stated. This account for the battle which resulted when, according to his own statement, he tried to buffalo her into allowing him to return.

When the wife called the officers to her defense, Wirt was taken before Judge Charles Kuchel and was ordered to deposit \$50 in the city treasury because he had started the battle.

PRIZER WILL SPEAK
YORBA LINDA, March 10.—J. prizer, manager of a packing house at Placentia will be the speaker at the March meeting of the Yorba Linda center, to be held at the Woman's clubhouse on Tuesday night, March 17.

ANNOUNCE VACATION
ANAHEIM, March 10.—Both the high schools and grammar schools in this city will close on Friday, April 10, for Easter vacation, it was announced today. The schools will reopen on Monday, April 20, giving the students and teachers a 10-day rest.

Nice Hands
Try This Way

KEEP your pretty, soft and smooth skin with Espey's Cream—known for forty-six years as one of the greatest beautifiers of the skin.

Make your hands pleasant to the touch—to yours and others. Show them gladly anywhere. Give them freely in a greeting. Knowing they're a credit to your careful grooming.

Espey's is for sore, red, irritated, dry, rough, cracked, sunburned or chapped hands—hands that lack the youthful, well-bred, distinguished look that lovely skin effects.

We want you to know this famous lotion, so we offer you a 10-day bottle to try at our expense, together with our book, "True Beauty," which every woman should read.

The coupon brings both free, so mail it now.

J. E. Espey Company, Dept. 283
P. O. Box 119
Pasadena, California.

Please mail free bottle of Espey's Cream for a 10-day test without any obligation on your part. Also your free book, "True Beauty," which tells about the skin.

2 Men of Same Name In Same Jail Same Time

HUNTINGTON BEACH, March 10.—Ward was a popular name at the city jail yesterday. Late Sunday evening, officers arrested Clarence Ward, 29, oil worker, of 1883 East Eleventh street, Long Beach, on a charge of transporting liquor. He was arrested at Twenty-third street and Ocean avenue.

Yesterday morning, police arrested J. L. Ward, 44, of Los Angeles. The second Ward was wanted by the Los Angeles authorities on a charge of embezzlement. He claimed to be a sales man.

Clarence Ward pleaded guilty to the charge of transporting liquor and was sentenced to pay a fine of \$300 or spend 90 days in jail. He endeavored to raise the fine.

9 LOS ANGELES AUTOISTS FACE ANAHEIM COURT

ANAHEIM, March 10.—Judge Charles Kuchel will be on the receiving line this week when Anaheim plays host to nine Los Angeles motorists who passed up all "slow" signs at 35 miles an hour Sunday and who were brought to a halt by Motorcycle Officer J. C. Looney, while they were dashing through the business section of the city.

The reception for the Los Angeles drivers is becoming a weekly event, 10 or 12 drivers arrested last week and being from that city were nabbed in addition to the nine Sunday.

Chief of Police Charles Nichols declares he is at a loss to understand the attitude of the Los Angeles people, and stated that there were dozens of others who pass through the 20-mile zone at more than 10 miles in excess of the limit. Motorcycle Officer Looney, however, is able to patrol only one street, Los Angeles, which is a direct route on the state highway.

Balks Ordinance Against Placing Ads On Sidewalk

HUNTINGTON BEACH, March 10.—If the fashion set by local business men is followed, this city will soon have unique streets, it was pointed out here today.

Ed Woods placed a sign on the sidewalk advertising his business. Officers ordered him to remove it from the sidewalk, as it was against the city ordinance to place it there.

He took the sign off the sidewalk, but attached it to the front of his automobile and now he parks his car in front of the place of business and the sign "does its stuff" anyway. Of course, he leaves the sign on the machine while driving about town.

Man Hurlled In Air as Wheel Catches Sleeve

HUNTINGTON BEACH, March 10.—J. B. Hensley narrowly escaped serious injury yesterday when the sleeve of his coat caught on a bolt on the flywheel of a large gasoline engine at a Petroleum Midway Oil company.

Hensley was thrown into the air but fortunately landed on his knees. His right arm was fractured and his knees were skinned and bruised. He was treated at the Emergency hospital.

Irvine
IRVINE, March 10.—Mrs. Ted Cook and Mrs. Claude Adams entertained at the home of the latter in celebration of the eighth birthday anniversary of Lorraine Cook and the fifth birthday anniversary of Myrtle Adams. Guests included Moline, Irene and Pauline Swain, Betty and Elwood Bossey, June and Leroy Cady, Florence and Helen Collins, Dorothy Doty, Shirley Wade, Clayton Sharp, Virginia and Teddy Dompier, Ted and Kathryn Cook. Mrs. Joe Wade assisted Mrs. Cook and Mrs. Adams in entertaining the children.

Mrs. Ray Lambert entertained recently in honor of the third birthday anniversary of her daughter, Lucille. A green color scheme was carried out in the decorations. The guests included Mrs. George McKee, Mrs. Robert Chestnut and daughter, Patty Lou, Mrs. Neff and daughter, Betty, Mrs. C. W. Wells, Mrs. George W. Wells, daughter, Carolyn, and son, Barton, Mrs. Glen Wells and daughter, Glenary, of Santa Ana.

Mr. and Mrs. T. J. Le Bard and son, James, of Brea spent the week end with the latter's parents, Mr. and Mrs. J. R. Ross.

Mr. and Mrs. Whitehead and children, Mr. and Mrs. Robert Farrell, Miss Leona Cook and Harry Karkler were in Santa Ana Saturday.

ENTERTAIN BRIDGE CLUB
HUNTINGTON BEACH, March 10.—Mr. and Mrs. H. V. Anderson entertained the Original bridge club at their home Saturday evening when the losing members of the organization were hostesses to the winners. The husbands of the members were the guests of the evening. Twenty-eight were present.

MAN MET WITH FOUL PLAY, IS SISTER'S VIEW

FULLERTON, March 10.—Declaring that it is her belief that her brother, Duval Wright, whose lifeless body was found floating in the ocean off the Pine avenue pier in Long Beach several days ago, did not commit suicide, but met with foul play, Mrs. D. W. Herron of this city stated today that relatives of the dead man are contemplating requesting the Long Beach police to make more thorough investigation of the mystery.

This new angle to the case has come about after shipment of the body to Selma, Calif., the dead man's home, for burial. Examination at Selma disclosed the fact that the face bears wounds that are believed to have been inflicted before the body entered the ocean.

Sailors, however, have testified that they witnessed a man commit suicide by leaping from the Silver Spray pier on the night of February 15 and detectives have stated the description of the dead man is identical with the description given by the sailors of the suicide.

Clothing Ignites From Gas Stove; Woman Burned

COSTA MESA, March 10.—Mrs. W. R. Craig, residing on Newport road, was painfully burned yesterday when her clothing caught fire from a gas heater. Using presence of mind, she jumped into a tub of water nearby, and extinguished the blaze. Her left hip and arm were badly burned. Mrs. Craig is choir leader in the community church.

Honor Couple On 25th Anniversary

WINTERSBURG, March 10.—Mr. and Mrs. James Harris entertained in honor of their wedding anniversary of their father and mother, Mr. and Mrs. Edward Rawlings, Friday.

The rain did not dampen the gay spirits of the crowd and much merriment prevailed. The donkey game, amusing to young and old, afforded much joy. First place was a tie between Miss Rosie Bever and Miss Georgia Baker. The consolation prize went to Ed Baker. Other games also were enjoyed.

The home was decorated with lilies, ferns and carnations.

At a late hour, Mrs. Harris assisted by Mrs. Miles Bevers, brought forth the beautiful cake with the inscription "Silver Anniversary, 1900-1925," which Mrs. Rawlings cut. Ice cream and cake were then served.

The honor guests received many beautiful pieces of silver and money.

Present were Mr. and Mrs. Miles Bever and four daughters, Misses Rosie, Oreana, Reona and Ramona Bever, of Anaheim; Mrs. Mary Henry Goodyear Park, Ed. Baker, Misses Evelyn and Georgia Baker, Long Beach; Mr. and Mrs. W. R. Prosch, Santa Ana; the honor guests, Mr. and Mrs. Rawlings, and the hosts and hostess, Mr. and Mrs. Harris and daughter, Margie.

New Directors Of Hewes Park Plant Organize

ORANGE, March 10.—The board of directors of the Hewes Park packing plant today had organized with D. Eymann Huff, president, and ex-Senator Frank P. Flint, vice-president, following the annual meeting of stockholders held at the packing house Saturday.

Other members of the board are M. D. Eymann Huff, secretary; Frank J. Was, Santa Ana, and H. L. Chadwick, Pasadena, directors.

Following the annual report submitted by the secretary which showed that the house paid a 9-cent refund on oranges and 18 cents on lemons per packed box, the stockholders enjoyed a noon banquet.

The afternoon session was devoted to a speaking program with Paul S. Armstrong, advertising manager of the California Fruit exchange, Dana C. King, orange sales manager, T. H. Powell, lemon sales manager, A. A. Brock, county horticultural commissioner, and William Mertz, house foreman, delivering address.

Plan Odd Fellows Picnic at Beach

HUNTINGTON BEACH, March 10.—Final arrangements for the Odd Fellows' picnic, which will be held here March 26, will be made at a special committee meeting of the organization tonight.

The chamber of commerce entertainment committee, headed by John Barlow, will be in charge of the program. D. T. Tarbox was appointed to confer with the Odd Fellows at their committee meeting tonight.

Ask your grocer for a loaf of Queen bread baked at the Home Bakery.

FOR ALL AGES

Many think cod-liver oil is mainly useful for children. The fact is

Scott's Emulsion

to those of any age is a strength-maker that is worth its weight in gold. Take Scott's Emulsion.

Scott & Bowne, Bloomfield, N. J. 24-2

BOY WIZARD

Here is Robert Heitz, 9-year-old electrical wizard of Huntington Beach. The lad has made, among other things, a galvanoscope, which he has placed on exhibition at the school. Taught electricity by his father, G. H. Heitz, of 207 Ninth street, the boy is deeply interested in the subject and declares his intention of becoming an electrical engineer when he is older.

NAME MORRIS DIRECTOR OF H. B. CHAMBER

HUNTINGTON BEACH, March 10.—James Morris was yesterday elected by unanimous vote to fill the vacancy in the board of directors of the chamber of commerce, caused by resignation of Charles G. Boster, city councilman. Boster gave as his reason for resigning the fact that business called him out of the city much of the time and that he could not arrange to attend every meeting.

President S. R. Bowen commended the local dance orchestra for its recent showing made in broadcasting over a Los Angeles station, and announced another radio program to be given by the orchestra Friday.

E. B. Stevens outlined plans for a breakwater at the end of the present pier. Dale Peters reported on progress of the negro colony east of town. Joseph Vavra and Dale Peters brought up the subject of acquiring ocean frontage for Orange county.

A. L. Haley, an engineer for the shipping board at Vancouver, Wn., spoke on reforestation, impressing on the members of the chamber importance of stopping the present wasteful method of lumbering.

The matter of approving the Rubber Products Plant of America was again laid over until the next meeting. No member of the industrial committee was present.

A special committee was appointed to assist in a chamber of commerce play here in the near future.

Citrus Shipments Equal Last Year

YORBA LINDA, March 10.—Shipments of citrus fruits from Yorba Linda so far this season are up to the record set last year. About 100 cars have already gone forward and were for the most part lemons.

Lemon markets in the east are holding up well and the fruit is sizing nicely, with prospects for a good spring crop.

The heavy picks will begin in April, and Valencia picking the last of that month.

Yorba Linda

YORBA LINDA, March 10.—Members of the Friends church used their splendid new church building which has just been completed, for the first time for the Sunday morning service on March 1, although it is thought the dedication service will not be held for some time yet.

A crowd which comfortably filled the main auditorium was present to enjoy the new building, the splendid music by the big choir, and the sermon by Pastor C. N. Jones, who spoke from the subject "Mountain Top Moments in this Human Life."

Beach Folk Busy Promoting Play

HUNTINGTON BEACH, March 10.—With a special committee appointed to assist with the staging of the chamber of commerce play "310,000," and another corps of workers busily engaged in selling tickets for the affair, it is expected that the production will be a success.

Practices are being held regularly. It is expected that the play will be given in about two weeks. Tentative dates have been set as March 24 and 25, according to John M. Barlow, head of the entertainment committee. Members of the special committee are E. G. Conrad, Joseph Vavra, James Morris, E. H. Cockingham and W. J. Elgar.

Among the members of the cast will be many well-known residents of the town, including Miss Elsie Armitage, W. J. Elgar, D. M. Peters, T. B. Talbert, Mrs. R. E. Downs, Miss Lillian Praysek, Miss Lucille Tarrell and J. H. Macklin.

Flowerland, Sycamore at Washington, will open Monday, March 16th.

QUINN POINTS TO PATRIOTISM NEED IN PEACE

HUNTINGTON BEACH, March 10.—"Patriotic American citizenship is needed as much in peace as it is in war, and it is one of the aims of the American Legion to foster this condition," declared John R. Quinn, past national commander of the American Legion, in an address at the city auditorium last night.

Quinn told of work of the American Legion in helping disabled soldiers, and caring for the orphans of parents who gave their lives in the World war.

"If it were not for the American Legion many of the unfortunate disabled veterans would never get compensation for their services," Quinn asserted. He said several homes are maintained for orphans of men killed in action. "It is our aim to place these children in good American homes where they can grow up as good, loyal Americans," he said.

Quinn classified "Liberty" as being based in good American citizenship, and declared that the American Legion was a church and school in good citizenship. "The people as a whole do not know what the American Legion is doing and many legionnaires do not know just what we are doing," Quinn stated, appealing for support of the people for the program of the Legion.

Preceding his talk, a program was presented by the local post and other legion posts, including Long Beach and Orange. Following the address of the evening, the meeting was turned over to dancing.

A short business meeting of the legion preceded the entertainment. Jack Robertson, commander of the meeting, Richard Drew and James Macklin, city councilmen, gave short talks. Music was furnished by the John Soden Black Cat orchestra. Miss Leona V. Smith, dramatic teacher at the high school, gave several readings. Mr. Green and Mr. Vaughn of Long Beach presented musical numbers. The Woman's auxiliary to the Orange legion staged a short skit.

L. E. Mitchell, chairman of the Americanization committee of Joseph Rodman post, presented a report on the work of the legion here during the last several months. He brought out the fact that the fire department was composed almost entirely of legion boys and that co-operative measures had been taken with the chamber of commerce, the Boy Scouts, and other organizations in the city.

Coughs and Chest
Colds Yield Quickly to
Old Time Treatment

Physicians now say that the best
treatment for a cough is not to merely
suppress the throat nerves as many
cough medicines do, but to help Nature
quickly throw off the cause—congestion
and mucus. When this is done
the severest cough is usually relieved
in a very short time.

This is exactly the action of that old-
time tried and proved cough medicine,
Dr. Bell's Pine Tar Honey. Doctors say
the pine tar is hard to beat for quickly loos-
ening and removing the phlegm and congestion
which are the direct cause of the coughing,
while the honey not only gives a pleasant
taste, but helps soothe soreness and irritation.
But be sure you get the genuine Dr. Bell's
Pine Tar Honey and not some substitute. Dr.
Bell's is the original and has been known for
many years as the best. It is scientifically
compounded of just the right proportions of
pine tar, honey and other quick-acting ingre-
dients which the best doctors have found to
aid in bringing quick relief. Contains no
opiates or other harmful drugs. It is given
even to young children—fine for spasmodic
cough. If you want the best—a medicine that
quickly relieves a stubborn cough overnight—get
Dr. Bell's. Costs only 30c at all good drug stores.

INTEREST IN CONSTITUTION ORATORICAL CONTEST BEING AROUSSED BY BIG DAILIES

By BIRDIE BAKER

GARDEN GROVE UNION HIGH SCHOOL, March 10.—Interest
in the national oratorical contest on the federal constitution is being
aroused for the second time.

The high schools have been di-
vided into county groups, which
in turn will be divided into dis-
tricts whose winners will meet in
Los Angeles for the Los Angeles
Times finals and from there will
compete in the state finals in San
Francisco. Local newspapers will
offer prizes in the local contests.
This opportunity is open to all
senior high schools and parochial
and private schools of similar
rank. Boys and girls in every
high school in the United States
may compete.

Orange county is in district A
which will meet at Chaffey Union
high school, Ontario, April 17 for
the district tryout.

\$1000 First Prize
The Los Angeles Times four
prizes will amount to these sums:
first prize \$1000, second \$250, third
\$50 and fourth \$25. In addition
The Times will pay all expenses
of the first prize winner to the Pa-
cific coast final to be held in San
Francisco on May 1 at which the
boy or girl to represent this part
of the United States will be se-
lected to go to Washington, D. C.,
for the national contest.

If the Pacific coast winner
comes from Southern California
the Los Angeles Times will pay
all expenses for the trip to Wash-
ington.

The national oratorical contest
has been heartily endorsed by
President Coolidge, the judge of
the Supreme Court, all federal and
state judges, by the leading mem-
bers of the United States Senate
and House of Representatives and
by all holding authoritative posi-
tions in the country.

Conditions of Contest
Contestants must be under 19
years of age.
Orations may be of any length
that can be delivered in ten min-
utes. Subjects must be confined
to any one of the following:

"The Constitution," "Washing-
ton and the Constitution," "Ham-
ilton and the Constitution," "Jeff-
erson and the Constitution,"
"Madison and the Constitution,"
"Marshall and the Constitution,"
"Lincoln and the Constitution,"
"Webster and the Constitution."

Many of the large newspapers
of the United States are backing
the contest. Those in Cali-
fornia sponsoring it are Los An-
geles Times, San Diego Union, Bu-
cklefield Echo, San Francisco Bul-
letin.

FILM CENSORSHIP IS DEBATE SUBJECT

BY WILMA VINCENT
GARDEN GROVE UNION HIGH
SCHOOL, March 10.—A good de-
bate tryout took place Monday
in which Alma Knight won first
place, Lawrence Allen second,
Edith Dossing third, and Lucille
Smith fourth. Ruth Hayhurst
was substituted, as Emma Lenhardt,
who expected to debate, is ill and
will not be able to do so.

The affirmative team, consisting
of Edith Dossing and Lucille Smith,
will remain at home and meet
Fullerton, while the negative
team, Alma Knight and Lawrence
Allen, will travel to Anaheim.

The question is "Resolved that
State censorship of movies should
be adopted in United States."
"The question is creating a
great deal of interest because of
the fact that the term, state cen-
sorship, forms the crux of the
whole argument. Though there is
a great deal of information for and
against censorship of movies, little
comment can be found either
in support of, or in opposition to
state censorship. Therefore the
debate promises to call for origi-
nal thinking on the part of the con-
testants," it was said.

CHEMISTRY ESSAYS ENTERED BY GIRLS

By BIRDIE BAKER
GARDEN GROVE UNION HIGH
SCHOOL, March 10.—Two of six
students finished the work of the
Garden Grove is concerned. Elsie
Smith and Fern Wilson, the two
persevering students, have sent
their essays to Sacramento.

Elsie Smith chose for her sub-
ject, "The Relation of Chemistry to
Agriculture." She referred to agri-
culture in the local states and re-
ferred to the experiments carried
on in Washington during 1924.
Fern Wilson chose "The Relation
of Chemistry to National Defense."
The burden of her paper was that
the outcome of future wars will
be determined by the chemical ad-
vancement of the belligerents.
She traced in a very interesting
fashion the development of chemi-
cal warfare.

The girls' papers are considered
rather well done by the local teach-
ers in view of the fact that the
subjects were tremendously broad.

SAFE FOR CHILDREN
Mothers everywhere demand a
reliable cough remedy free from in-
jurious narcotics. Supplying this
demand for fifty years made
FOLEY'S HONEY AND TAR
COMPOUND one of the Largest
Selling Cough Medicines in the
World. Children like it. "My little
boy had a very bad cough, and af-
ter he used **FOLEY'S HONEY**
AND TAR COMPOUND he got re-
lief at once," writes Mrs. Van Belle
Penney, Mont. Refuse substitutes.
Sold everywhere.—Adv.

Odors Tell of Chemistry Class at Grove

BY CARTWRIGHT SMITH,
GARDEN GROVE UNION
HIGH SCHOOL, March 10.—
"My! what a smell." That
and other comments on the
permeating odor of hydrogen
sulphide and other chemical
mixtures made in chemistry,
circulated through the
school. It is common to have
the whole building "per-
fumed" by some suffocating
odor by the chemistry class,
as dentists held forth the
first period. Every class
held in the science room dur-
ing the day receives the
benefit of the odor. By
the end of the day, chemical
odors may still be detected,
clinging to the walls of the
lower hall.

Some day, luckily the sci-
entists will inhabit a building
of their own; but at present
the student body must cough
and choke and hold their
handkerchiefs to their noses
in patience.

ANAHEIM H. S. YEAR BOOK TO BE 'DIFFERENT'

BY MILDRED STEWART.

ANAHEIM UNION HIGH
SCHOOL, March 10.—Tickets for
Anaheim high school's annual pub-
lication, "The Blue and Gold," are
on sale. Staff members declare that
this year's book will break all re-
cords for originality, interest and
beauty. Despite the fact that this
claim has been made for every an-
nual edited in the past few years,
the statement of the present editors
bids fair to be justified to the full-
est degree. A great number of
novel changes and additions in the
style and make-up have been
made. The subjects treated by the
art work are desert scenes or
things suggestive of desert life.
This is the first year that such a
plan has been tried.

A new form of grouping of the
senior pictures is being introduced
that conserves space and provides
a pleasing diversion from the
method of previous years.

Hints On Latest Fashions Offered By Grove Student

BY WILMA VINCENT
GARDEN GROVE UNION
HIGH SCHOOL, March 10.—
This is between seasons in
fashion's calendar, the long-
ing thought of flannel dresses
are growing tiresome, yet at
times it is still too cool for
lighter clothes. The ap-
propriate spring fashions
have not appeared; yet a
spring bonnet may be worn
to give the same effect.
Trimming these midseason
models, may be seen a bow,
a pom-pom, or some kind of
top-knot for attraction. An-
other change in fashions is
the shortening of dresses to
the knee bend of extremely
straight lines, with a flare.
Prestige is given to the en-
semble coat and frock, or
coat, skirt and some sort of
blouse of brilliant color,
henna, green, red or tan.

Junior Register Poetry

THINK AND WIN.
If you think you are beaten—you
are.
If you think you dare not—you
don't.

If you'd like to win, but you think
you can't,
It's almost a cinch you won't.

If you think you'll lose—you've
lost;
For out in the world we find
Success begins with a fellow's
will—
It's all in the state of mind.

If you think you're outclassed—
you are;
You've got to think to rise;
You've got to be very sure of
yourself
Before you can win a prize.

Life's battles don't always go
To the faster or stronger man,
But soon or late the man who wins
Is the man who thinks he can.

—Selected.

SCHOOL HAS RAIN GAUGE

By Garland Ferrell
TUSTIN UNION HIGH SCHOOL,
March 10.—Tustin high school has
on its campus the official rain
gauge for the vicinity of Tustin.
The gauge is owned by the school
and is cared for by Clarence Bow-
man, high school registrar. So far
this season a fall of 4.18 inches
has been recorded by the gauge,
.93 of which was added by the
last rain.

"On with the Revival," at the
Church of the Nazarene, corner of
Fifth and Patton streets; hear the
lady evangelist tonight.

"Blue Moon" Witnessed By Delegations From Outside Cities

BY HUBERT W. HEAD
GARDEN GROVE UNION HIGH
SCHOOL, March 10.—"The Blue
Moon," an operetta presented by
the high school glee clubs last
Friday, Feb. 27, turned out to be
a splendid success.

An outstanding feature of the
program was the Spanish dance
given by Eunice Pringle.

The principal parts in the op-
eretta were taken by Alora Owen as
Sylvia Montgomery, and Earl
Walker as George Taylor. The re-
mainder of the cast was as follows:
Moon Lady, Frances Bragg; Mrs.
Montgomery, Inis Russell; Leatrice
Montgomery, Norma Larsen; Mr.
Babbitt, Morton, James Parks;
Bobby Morton, Katherine Kirven;
Mrs. Lila Lavender, Evelyn Smith;
Billy Maxwell, John Allen Fitz; Sir
Percival Chetwood, Harry Muns;
M. Rene Le Mon, Ruth Hayhurst;
Suzanne, the French maid, Alma
Knight; Hop Sing Hi, the house
man, Arthur Lewis; Skylark
Booms, a detective, Edward Davis;
Mooney, a Spanish dancer, Brooks
Stroud; Spanish dancer, Eunice
Pringle; Carmen, a singer, Helena
Curtiss; music director, Alice T.
Smith; dramatic director, Amy
Redd; art director, Helen Easton;
electrician, M. R. Pringle; busi-
ness manager, James Parks.

The palace of the Moon Lady was
a beautiful spectacle, and the
dances and music by the chorus
were enjoyed by all.

The presence of representatives
from Anaheim, Tustin and Pasa-
dena was much appreciated by the
student body. Tustin bought forty
tickets.

JUNIOR REGISTER EDITORIALS

ATHLETICS VS. SCHOLARSHIP

Do athletic activities promote
scholarship. Authorities at Princeton
University claim they do. It
is said that of 67 men, of the
Varsity club at that university,
all have maintained a better
scholarship standard than the
under-graduates of the student
body.

The university professors say
that the college boys during ath-
letic training season have better
grades because when they are
competing for a team they must
be alert and have regular habits.

This is very encouraging, be-
cause the common belief is that
athletic work distracts from
studies. But if it is true that
athletics help scholarship, then
that branch of training should
be encouraged in the school life
of every student.

IRMA YOUNG,
Anaheim Union High School.

"OVER THE TOP"

We are "over the top" so far as
this school year is concerned; that
is, we have passed the half-way
mark and are rapidly approaching
the end. The third quarter is al-
most over and vacation will soon
be here.

Have we accomplished the things
we set out to do for this year?
Have we taken advantage of our
every opportunity and done as well
as it is possible for use to do?
General Phil Sheridan once said,
"No matter if you are hidden in
an obscure post, never content
yourself with doing your second
best, however unimportant your
occasion." Bringing the thought
closer, we might say, No matter
how unimportant the subject may
seem, do your best.

There is only one quarter of
school left. If we haven't kept our
grades up to standard, we still
have a chance to make up for
lost time. "A word to the wise
is sufficient."

—Mark Kuffel,
Anaheim Union High School.

CROSS-WORD PUZZLES ARE BENEFIT.

Many people derive benefit as
well as pleasure from the latest
craze—the cross-word puzzle. It is
brain athletics from which a real
value may be obtained, especially
by the younger generation who will
become better acquainted with the
English language, its synonyms,
and its idioms.

These puzzles are exactly what
are needed that the young people of
America may study their dictio-
nary, learn to use words correctly,
and to inspire them to higher think-
ing terms.

Hardly can it be said that the
cross-word craze is a thing to be
spoken of lightly.

—Irma Young,
Anaheim Union High School.

IMPORTANCE OF ELECTRICITY

This is the electrical age and
electricity is being used in every
line of work. The most popular
use of electricity at the present
time is in radio; next use is in light-
ing homes and shops. Then again
electric currents are used to turn
the great wheels of industry in
the cities.

Farming would be impossible
without water and the most effi-
cient way of obtaining it is by
pumping, with an electric motor as
power plant.

Efficient ignition would be im-
possible in the gas and gasoline
engine if it were not for electric-
ity. All motor car, street
car, and locomotive lights burn
electricity because it gives the best
penetrating light at the lowest cost.
In other words, if it were not for
the mysterious currents which
flow through copper, platinum and
steel wires, we would all have to
live in a mighty slow, dark, cold
old world.

—By Marion Umphress, Garden
Grove Union High School.

PROGRESS OF HUMAN MINDS AS APPLIED TO INVENTIONS SEEN IN RADIO BROADCAST

By EARL BASHOR

TUSTIN UNION HIGH SCHOOL, March 10.—Out of the past come
the records of man's achievements, of exploration and inventions. From
the time the Greeks ventured past the Rock of Gibraltar, Peary conquer-
ed the frozen North, Watt mastered steam, to the invention of the air-
plane, man's life has been one of progress. The first cave man with
a sling defended himself. Nowadays monstrous engines hurl huge
missiles of destruction. Engineering has grown as man has grown in
knowledge of things found around him.

The above picture was drawn
by Paul L. Beard, junior at Tus-
tin union high school and entered
in the Junior Register's cartoon
contest.

TINY BASKET IS DISPLAYED BY TEACHER

By BIRDIE BAKER

GARDEN GROVE UNION
HIGH SCHOOL, March 10.—A
very cozy informal tea was given
by Miss Easton, the high school
art instructor, at her home in
Anaheim Monday afternoon to
the faculty women of the local
school.

The guests particularly enjoyed
a collection of baskets formerly
belonging to Miss Easton's grand-
mother in which is included the
smallest basket in the world, a
tiny basket made of hair, under
the microscope. It was just about
the size of a garden pea.

The hostess served dainty re-
freshments to the guests after
which they rambled around the
garden for a while.

The guests were Mrs. Hoenshel
and the Misses Alexandra, Dod-
son, Files, Mary Easton, Bru-
baker, Barbour, Smith, Redd and
Curtiss.

PRESS CONVENTION ATTRACTS WRITERS

By K. WALTON

ANAHEIM UNION HIGH
SCHOOL, March 10.—The spring
convention of the Southern Cali-
fornia High School Press associa-
tion will be held in San Bernar-
dino high school, Friday,
March 27. Each publication is
entitled to two voting delegates
as usual and as many others as
may desire to attend.

A feature of this convention
will be the division of the dele-
gates and their instructors into
forenoon, into four groups for
discussion: large and small pa-
pers and large and small an-
nuals. The discussion will be
for the most part, on problems of
financing and publishing annuals
and other periodicals.

The judging of the papers will
be conducted somewhat different-
ly this year than in previous con-
ventions. A copy of each paper
is sent to each of two judges
who judge the papers prior to
the convention but announce their
decisions at that time.

The convention will take place
at the usual hours, 9 a. m. to
3 p. m. and a great number of
young journalists are expected to
attend.

'BARNYARD CLUB' FORMED AT GROVE

By EUBA AZLIN

GARDEN GROVE UNION
HIGH SCHOOL, March 10.—The
public speaking class has or-
ganized "The Barnyard club,"
which held its first meeting
Thursday, March 5, in the library.
A five course dinner was served.
There were nine members pres-
ent, each one representing a
barnyard animal. Mr. Doig imi-
tated a puppy, Louis Head, a
pony; Helen Knox, a bunny;
John Allen Fitz, a donkey; Louie
Page, a goat; Pauline Black, a
cat; Frank Thompson, a calf;
Hilda Mark, a colt and Emma
Lehnhardt, a "duckness."

The aim of the organization of
this club is wrapped in mystery;
for as yet no one has been able
to steal the secret from Mr. Doig.
Judging from the nature of the
course, the school assumes, at
least, that this club will produce
great orators and senators.

VEGEX
RICHEST KNOWN
FOOD IN
VITAMIN B
Indispensable
to Normal
Nutrition
at all
Ages

**Pure Vegetable—
No Meat—
Delicious Flavor
for Lenten Meals**

THE Lenten diet should always include
VEGEX—a pure vegetable extract con-
centrated from grain grown yeast—which completely
satisfies meat craving. Delicious soups are made
with VEGEX. Just adding it to water in which
vegetables have been boiled makes a tempting,
flavor-full and appetizing dish.

No other known food is so rich in Vitamin B, in-
dispensable to normal nutrition at all ages. VEGEX
gives back to the body certain vital elements which
are today lacking in over-refined foods. It is rich in
food salts as well as iron and iodine. Its use in the
daily diet promotes sturdy growth in children and
health and vigor in adults. Because it is so highly
concentrated, it is a most economical food—a little
goes a long way.

Sold by leading Food Stores. However, if
your dealer cannot supply you, write to the Vegex Lab-
oratories, sending in \$1.00 for a six and one-half
ounce jar.

SEE HARD JOB IN REDUCING HOUSE TOTAL

BY CHARLES P. STEWART

WASHINGTON, March 10.—Persuading Congress to reduce its membership probably will be a good deal harder than it was to induce the lawmakers to increase their pay.

Nevertheless, it has been considerably talked about all this session, and the salary increase has caused still more of this talk, on the theory that the country, if it must pay more money per congressman, ought not to be required to pay so many of them.

Besides, as the members themselves admit, the House of Representatives is unwieldy now, it is so large.

The proposition of Congressman Marvin Jones of Texas, who informally brought up the subject of membership reduction at the time the pay increase was voted, was a cut from the present House figure of 436 to not more than 300.

Cost Lot of Jobs

1. It will cost a lot of congressional jobs and no congressman that his own will not be among will be able to tell in advance them.

2. Some states' representation will be cut, proportionately, more than others, and the former will be the most populous states, which not only will object but will have the necessary vote to make their objections count.

That is to say, states like Arizona, Delaware, Nevada, New Mexico and Wyoming, which have only one representative apiece, can't be deprived of that one each. Consequently the reduction will cut, relatively, more heavily into the representations of such big states as New York and Pennsylvania.

All the same, something must be done sooner or later toward getting the House down to a workable size.

The salary increase seems likely to hasten action and indications are the matter will be taken in hand by the next Congress.

Will Bring Economies
On a \$7500 a year basis the country's 531 senators and representatives cost \$3,982,500 annually. At \$10,000 the bill will be \$5,310,000.

But if the number is trimmed down to 396 only \$3,960,000 will have to be paid to them even at the \$10,000 rate. There will be some economies in mileage and other incidental expenses, too.

The United States started out with 65 members of the House of Representatives and kept adding to them as the population increased until after the fifth census, in 1850, when a cut was made from 242 to 232.

Then the House began growing again and continued doing so up to its present figure, 436, based on the thirteenth census, in 1910.

There was some agitation for a further increase on the strength of the 1920 census but so much opposition developed, on the ground that the presentation already was excessive, that nothing came of it.

The present apportionment assumes a population of 92,166,495, so that the ratio is one congressman for each 211,877 inhabitants. Congressman Jones' plan would allow one congressman for each 252,368 inhabitants, calculating on the basis of the 1920 census' showing of 105,710,620 population in the continental United States.

Avert Walk-out; Trainmen Will Get Pay Raise

LOS ANGELES, March 10.—Walk-out of 1100 engineers and firemen on Santa Fe coast lines was averted today following agreement reached here between representatives of the railroad and the threatened strikers.

Under the agreement, reached after two days of conferences between officials of the Santa Fe and the Brotherhood of Railroad Trainmen, the trainmen will receive a five per cent increase in wages, retroactive to September 1, 1924. This was the main demand of the workers.

In return, the Brotherhood agreed to a revision of certain working rules, effective next Sunday.

Advance Hearing For Income Tax Court Ruling

WASHINGTON, March 10.—The United States supreme court Monday granted the government's motion to advance its appeal of the income tax publication case against the Baltimore Post to April 13, when it will be argued at the same time as the government's appeal of its similar case against Walter S. Dickey and Ralph Ellis of the Kansas City, Mo., Journal-Post.

NOT SO NUTTY

WILMINGTON, Del., March 9.—William Krause, grocer, coaxed a squirrel down from a telegraph pole by offering it nuts. The squirrel came back daily for its meal. Curious, Krause followed it one day and found that its nest was in a woods a mile away and that it crawled all the distance along the wires.

TOO MANY WOMEN M. D.'S
LONDON, March 9.—Great Britain now seems to have an oversupply of women doctors, as the result of the great feminine influx into the medical profession during the war. Seventy-eight women recently applied for the position of medical officer at a children's hospital. The position pays less than \$500 a year.

SWALLOWED BALLOON
CHATHAM, Eng., March 10.—Kathleen Hogan, a child of 8, died after swallowing a deflated toy balloon.

Young Trapper Catches Coyote With Bare Hands

WILLIAMS LAKE, B. C., March 10.—The distinction of capturing, unaided by trap or gun, a wild coyote belongs to young Hanson of Bridge Lake, Cariboo, B. C. While on the trail recently Hanson saw a wild animal running through the woods. He at once gave chase and found it to be a coyote. The snow was deep and dry and the animal was soon exhausted.

Just as Hanson was passing it he reached down to catch it with his hands and threw it on top of his prey. The fight was on at once and the coyote showed great agility in dodging and temporarily escaping from its assailant's clutches.

But in the third round, which was fought in catch-as-catch-can style, Hanson got his victim by the back of the neck and held it fast until he was able to muzzle the coyote with his handkerchief and tie its paws with his belt.

TOUR REVIVES RUMOR PRINCE WILL NOT WED

LONDON, March 10.—Even those who spoke with forbearance of the matrimonial shyness of the Prince of Wales now are getting uneasy with the announcement that the royal heir will prolong his visit to South America next year to include a trip to the Argentine. This can mean only that another year will be added to the interval until the prince announces he has picked out a girl to be the future queen.

Sidesteps the Rumors

And Englishmen have listened to the same tale of postponement for the last five years. Whenever the Prince of Wales remains in London for a long period the busybodies, working mostly through the newspapers, get up a series of stories intimating that a certain interesting announcement on royal note paper will be forthcoming from Buckingham palace, and even speculating who the girl is.

Such great expectations never have been given a chance to materialize, for the prince has stepped out of the country on a trip to his future domains and the ladies in question have, in most cases, married before his return home.

So interested has the public become in this chapter of his life that his royal highness hardly can attend house parties or dances without a resounding echo connecting his name with some debutante being heard immediately through-out Mayfair, then down to Southwark and Clapham.

A Bachelor King?
Since returning from his last trip the prince has counteracted this gossip successfully by not appearing at dances and house parties. At the present time there is no girl being honored as the prospective Prince of Wales.

There are many persons in London now who whisper that the announcement of the engagement of the Prince of Wales never will occur.

Mellon Denies Taxes Refunded To Ship Company

WASHINGTON, March 10.—"Intimations" that the government refunded \$7,282,460 in taxes to the Atlantic gulf and West Indies Steamship corporation "are not correct" and were "distorted," Secretary of the Treasury Mellon said in a statement Monday.

Mellon declared he personally never had any interest in the steamship corporation or any of its affiliated or subsidiary companies, "nor was I acquainted with any of its officers."

Mellon explained the treasury department's conduct of the case and stated that if the claim for \$9,913,841 had been pushed, the company would have been forced into bankruptcy and the refund payment might thereby have been endangered.

Can't Wait To Purchase Shoes So Kills Self

NEW ORLEANS, March 9.—Because she could not wait a day to buy a new pair of shoes, Rosalie Pasqua, 17, shot herself to death. When Rosalie asked permission to shop for the shoes her mother said: "No, wait until tomorrow and I'll go downtown with you." Rosalie went about her housework, but a few moments later a pistol shot was heard and the girl was found with a wound in her breast.

Seek Pair Who Kidnapped Girl

LOS ANGELES, March 10.—Officers throughout Southern California were aiding today in the search for two bandits who kidnapped Miss Elizabeth Baker after robbing the girl and her escort here Sunday.

Miss Baker was rescued by a posse of 150 officers, her abductors escaping after a brief exchange of bullets. Her companion, Frank Malack, was robbed of \$25 and his watch.

CHRISTIANA, March 10.—Railway coaches with glass roofs are now in use on a new railway through the mountainous region of Norway. This will enable tourists to see the highest mountain peaks, some of which rise almost perpendicular from the railroad.
